NO. 280—SIXTY-SEVEN TH YEAR

VICTORIA, BRITISH COLUMBIA, TUESDAY, NOVEMBER 3, 1925

TWENTY PAGES

## Capt. John Hewison Relates Story of Tug Disaster at Inquiry

Was Worst Tide He Had Ever Seen, Says Skipper of  
Salvage Queen—Of Opinion Vessel Keel Over,  
Filled With Water and Then Sank—Plug in One of  
Lifeboats Missing—Only One Course to Take

### Investigation Into Hope Disaster Continues Today

It was the strongest tide I had ever seen. I was quite alarmed, and waited for an hour and a half watching for the tug Hope to lend any assistance possible in the tying up of the vessel.

This was the manner in which Captain John Hewison, skipper of the Ss. Salvage Queen, described during yesterday afternoon's session of the Marine Inquiry investigating the disaster, the circumstance under which the tug Hope was handicapped in making a safe landing on October 17, when she capsized and sank with a loss of seven lives.

Captain J. D. Macpherson, wreck commissioner; Captain Basil Combe and Captain F. M. Cutler comprise the board of inquiry. Mr. Gordon A. Cameron is representing the Association of Transport Workers; Mr. Alex Martin, the officers of the tug Hope, and Mr. C. E. Wilson the Victoria and Vancouver Stevedoring Company.

First to take the stand at yesterday afternoon's session, following Captain Fred Forrester and Chief Officer Wilfrid Prud'homme's evidence in the morning, was Captain Hewison, who described the disaster as seen by him from the decks of the Salvage Queen and the tug Hope.

Captain Hewison's story: "There was only one wire running from the Emdyk," he stated when questioned by Captain Macpherson. "This was the anchor chain. We were tied alongside the Emdyk, with our bow toward the freighter's stern. None of our lines were in the way, however," Captain Hewison said.

"The Hope had only been out to the wreck once before, that was in the afternoon. The crew of the Salvage Queen and longshoremen went busy either transferring cargo or piling in the forward hold of the Salvage Queen, so I went on deck to watch out for the Hope. I stood there for an hour and a half before sighting her. I noticed that the tide was ebbing hard. It was the worst tide I have ever seen."

Captain Hewison spent two weeks in the vicinity of Beattie Island during the Siberian Prince salvaging operations.

"In Grip of the Tide"  
"I was quite alarmed that night on October 17, the strong tide. When I saw the tug Hope's light, I noticed that she was in the grip of the tide and yelled out for her to go full speed astern. This was swinging into the sea when I saw her. There was a tremendous swell of tide toward the ship."

"They must have heard my order, for otherwise the Hope would have crashed against the Salvage Queen, whereas she struck lightly, then the tide swung her around the Salvage Queen's bow and under the Emdyk's counter. Her funnel and other structure work snapped as she struck the Emdyk's stern. It was the impact with the Emdyk that keeled the vessel over and caused her to fill up with water and capsize."

Prior to the Hope's collision with the Salvage Queen, Captain Hewison said, he saw that a mishap was imminent and called to the men working the winch aboard the Emdyk to call all hands on deck and launch a boat.

Captain Hewison hastened to lower one of the Salvage Queen's boats, while two men put out in the work boat, which was already in the water. It was during this action that the tug Hope keeled over and sank.

Accident Almost Unavoidable  
"The accident was almost unavoidable," Captain Hewison said, when questioned at this point by Captain Macpherson.

"Kennedy let go the head line," which ran from the Salvage Queen to the tug Hope, on October 17.

## Memory of Gallant Forest Ranger to Be Observed Today

AMONG the memorials upon the walls of the Parliament Buildings will be placed today one in honor of Mr. Oliver Clark, British Columbia forest ranger, who died at his post of duty after heroically rescuing the inhabitants of a Vancouver Island settlement from the path of a forest fire. His charred body was found after the fire had passed, lying over a log, his forest ranger's badge clasped in his hand.

At 10 o'clock this morning members of the Legislature and prominent figures in the lumbering industry of the Province will gather at the Parliament Building, where Premier Oliver will unveil a memorial to the gallant ranger. The late Mr. Clark died when he returned into the danger zone of advancing fire at Port Neville on June 25, after he had shepherded the women and children of the settlement down to the water's edge, and then returned to his boat. He went back to make sure that nobody had been left behind and was trapped in the flames when a huge tree fell across the trail.

## Premier King Awaits Final Poll Returns

Will Have No Statement to  
Make Until Figures Are  
Complete, Says the Prime  
Minister

### Ministers Silent On Cabinet Parley

Peace River Swings to Con-  
servative Side—Liberal  
Creeps Doubtfully Ahead  
in Provencher

OTTAWA, Nov. 2.—While Premier Mackenzie King declines to make a statement at present, the opinion prevailing here is that he will carry on and announce the final results of the election at a meeting of the cabinet, which is expected to take place tomorrow.

Later in the evening Mr. King conferred with the Governor-General. Then he announced he would have no statement until final election returns were available. As a result, the government is now taking place in the constituency of Queens, P.E.I., and a recount has been ordered in Provencher, Man., for November 9. It will be some time before final returns are in.

Two Seats Still in Doubt  
The recount in Queens will determine whether Hon. J. E. Sinclair, Minister of Public Works, or John Meesmyer, Conservative, shall be the second member from that riding. In Provencher it will decide between A. L. Beaudin, Progressive, and Edward Conwell, Liberal.

The cabinet meeting today was well attended. Only four ministers were absent, Hon. J. H. King, Minister of Public Works; Hon. Charles Stewart, Minister of Finance; Walter H. Foster, Secretary of State; and Hon. Mr. Sinclair.

It is understood that the situation which has arisen as a result of the election was the sole topic of discussion. While it was reported before the meeting that some of the ministers favored resignation, the view continued on Page 11

## Peru Poet Laureate Shoots News Critic

Literary Controversy Leads to  
Fight and Bullet in Abdomen  
of Writer

LIMA, Peru, Nov. 2.—Edwin Elmore, a newspaper writer, lies in a hospital here with a bullet wound in his abdomen, inflicted yesterday during an altercation with Carlos Chocano, poet laureate of Peru, who calls himself "the singer of America, aboriginal and wild."

The altercation had its origin in a controversy the men had carried on for some time in the newspaper with regard to the doctrines and writings of Jose Vazconcelos, a Mexican writer. Chocano denounced Vazconcelos in the local newspapers, while Elmore was one of his strong defenders. Yesterday the men met and Elmore is declared to have begun pummeling when the poet laureate drew his revolver and fired.

Like Gabriel Truanis, the Italian soldier-poet, Jose Santos Chocano always has been keen to avenge the battle in political controversy and to take the law into his own hands, according to his ideal. For his writings the young South American poet several times narrowly has escaped death.

## Wool Hose, Long Skirts, For New Ankle Agony

LONDON, Nov. 2.—"Ankle agony," a new complaint among women, is said to be due to a combination of the damp weather, fancy footwear, spider-weave stockings and short skirts. Physicians have recommended thick-soled shoes, woolen hosiery and longer skirts as the best remedy.

## Legislature Of B.C. Starts On Its Work

Formal Opening by Lieut.  
Governor Walter C. Nichol  
Takes Place With Custom-  
ary Ceremonies

### Large Attendance of Guests and Visitors

Speech From the Throne  
Longer Than Usual—  
Member for Grand Forks-  
Greenwood Sworn In

THE Speech from the Throne has again been read by His Honor Lieut.-Governor Walter C. Nichol, all ceremonies in connection with the official opening of Parliament by the representative of His Majesty the King have again been observed, and the second session of British Columbia's sixteenth Legislature is under way.

Yesterday's official opening was as colorful as in past years. With but one or two exceptions all members were in their seats. The floor of the Assembly Chamber and the various galleries were crowded with guests and visitors.

His Honor the Lieut.-Governor arrived at three o'clock and, after inspecting the guard of honor, 100 soldiers of the Victoria Battalion, Princess Patricia's Canadian Light Infantry, he was escorted to the executive chamber by Premier John Oliver and Hon. J. A. Buckman, the Speaker. Afterwards he entered the Assembly Chamber, escorted by officers of the naval, military and air force establishments in British Columbia.

## French Cabinet To Get Baptism Of Fire Today

New Ministry to Meet At-  
mosphere—Financial, Syrian  
and Riffian Problems

PARIS, Nov. 2.—The Painleve cabinet, with M. Caillaux alone absent from the leading role, will confront Parliament tomorrow in an atmosphere which friends and foes alike agree is laden with electricity. Not since the Viviani ministry met to discuss the war in August, 1914, has the French Government been faced by a more momentous situation.

Syria looms like a heavy cloud destined to obscure the bright sun of the negotiations with the United States. The finishing touches were put on the ministerial declaration by the cabinet which met this evening. It would appear the ministry realizes that the most effective remedy for the present financial crisis would be to come to terms with the United States on the matter of war debts.

To Reopen Negotiations  
M. Painleve and his colleagues hope in this way to halt the downward trend of the franc and they feel that a loan would put France's financial house in order.

The great authority and prestige M. Briand enjoys in the new cabinet is seen in the decision to reopen the negotiations with the United States. Only a few days ago Premier Painleve was reconciled "to letting the American debt situation drift."

Today's evidence brought out nothing new, being practically the same as in the first case, when the jury disagreed. It consisted of identification evidence. The accused, it was claimed by two witnesses, Mrs. Jardine and Charles Quennel, was one of the robbers whom they saw in the bank.

## Eight Children Die In Crossing Tragedy

Twenty-one Hurt When Train  
Crashes Into Loaded  
Automobile Bus

WAYCROSS, Ga., Nov. 2.—The collision of the Atlantic Coast Line's fast New York to Florida passenger train, the Everglade, and a loaded school bus at Nahutta, Ga., today resulted in the deaths of seven children and injuries to twenty-two others.

The terrific impact of the heavy locomotive threw the bus twenty feet and strewn its occupants along the right-of-way. Three of the children were killed instantly.

## Premier Leads Way To Municipal Polls

Mr. and Mrs. Baldwin Show Good  
Example in London—  
Socialist Gains

LONDON, Nov. 2.—The Prime Minister and Mrs. Baldwin set an example for the electors today when they went early in the morning to record their votes in Westminster for municipal councillors. In the London constituency no fewer than 300 women candidates were standing for election. In all, 8,900 municipal councillors will be chosen in 400 English and Welsh boroughs to represent the people in local affairs.

Miss Betty Baldwin was busy throughout the day driving her own motor in North London constituency to bring voters to the booths.

The most important issue is on the question of Socialism. More voters cast their ballots than last year, when, however, only thirty-six per cent of the electors voted. The women voters were particularly prominent. Results from eighty of the provincial elections show substantial gains for the Labor Socialists. They captured sixty-six seats from their opponents and lost twenty, while all other parties gained forty-four and lost ninety.

## Noted South African May Lecture in Canada

Who has definitely accepted a long-standing invitation to visit America to lecture at Yale, Harvard, and possibly, some Canadian universities, and give a limited number of lectures. He will leave South Africa next June.

## Ships Search Ocean For Missing Crew Of Abandoned Vessel

Garbled Messages Tell of Discovery of American  
Freighter on Atlantic Fire-Gutted and Deserted—  
No Trace Found of Lifeboats—Severe Storm  
Wrecks Havoc Among Shipping

Three Schooners Come to Grief;  
Wreckage Hints at Fourth Loss

NORFOLK, Va., Nov. 2.—Port authorities here are trying to piece together fragmentary information of disaster to a number of ships in Southern waters during the storm which prevailed last night. Difficulty of radio communication retarded complete clearing up of the status of ships caught in the storm, but it was indicated that the American freight steamer Algiers was a victim of fire and was abandoned by her crew, of which no trace had been found late today.

## Romance Seeker Finds Sheiks Garbed in Oxford Bags

LONDON, Nov. 2.—Sheiks are now wearing horn-rimmed spectacles. Some of them ride in motor cars, and some are arrayed in Oxford "bags" and many-toned English socks.

This is the odd story of Western influence in Tunis, which Cyril Roberts, the novelist, brings back from a trip to Africa in search of romance. He found that the only sheik who was dressed as a sheik should be, had been equipped by a moving picture outfit.

## Ross C. Watson Again on Trial For Bank Crime

Witnesses Again Identify  
Former Detective—Con-  
victed Men to Be Brought  
From Okalla for Defence

NANAIMO, Nov. 2.—Holding an evening session until 9:40 o'clock today heard the Crown's case against Ross C. Watson, former Seattle detective, who is being tried a second time on a charge of having taken part in the bank robbery here December 12 last, when bandits robbed the Royal Bank of Canada of \$45,000.

The case will be resumed tomorrow and evidence for the defence will be heard. The case is expected to finish tomorrow evening at noon tomorrow with the United States and Johnson, two men who have been convicted and sentenced to eight years and twenty lashes for having taken part in the robbery, will be brought over from Okalla prison to give evidence for the defence.

Today's evidence brought out nothing new, being practically the same as in the first case, when the jury disagreed. It consisted of identification evidence. The accused, it was claimed by two witnesses, Mrs. Jardine and Charles Quennel, was one of the robbers whom they saw in the bank.

## Wife of Town Clerk Is Elected as Mayor

LONDON, Nov. 2.—The ancient borough of High Ferrars, Northamptonshire, today elected Mrs. Simpson, wife of the town clerk, as mayor.

Town Clerk Simpson will now have to address his wife as "Mayor" or "Your Worship."

## Moose Mistakes Engine for Rival; And Now Moose Meat Is Plentiful

WINNIPEG, Nov. 2.—Engineer James Strouther, of Canadian National train No. 403, made a record in moose hunting yesterday when he killed two with his engine about one mile west of Yelliff station. Yelliff, which is in the heart of the big game country, is about thirty-nine miles from Sioux Lookout.

Strouther was running west when he suddenly saw a hulk and a cow step out into the middle of the track and stand facing the engine. In the broad glare of the headlights, the cow seemed somewhat uneasy at the approach of the engine, but the bull mistook it for a rival. He did a few war stunts, belched a challenge and then charged.

It was a short battle as far as the bull was concerned. He was eliminated by a ten-foot throw and wound up in the ditch a total loss. By this time the engine was back on the usual rutting season battle, but before he could jump to safety the engine also struck her.

There is now plenty of moose meat at Yelliff.

## Ships Search Ocean For Missing Crew Of Abandoned Vessel

Garbled Messages Tell of Discovery of American  
Freighter on Atlantic Fire-Gutted and Deserted—  
No Trace Found of Lifeboats—Severe Storm  
Wrecks Havoc Among Shipping

Three Schooners Come to Grief;  
Wreckage Hints at Fourth Loss

NORFOLK, Va., Nov. 2.—Port authorities here are trying to piece together fragmentary information of disaster to a number of ships in Southern waters during the storm which prevailed last night. Difficulty of radio communication retarded complete clearing up of the status of ships caught in the storm, but it was indicated that the American freight steamer Algiers was a victim of fire and was abandoned by her crew, of which no trace had been found late today.

The British steamer Mount Royal suffered damage 100 miles off the Virginia Capes but is proceeding under her own power toward Newport News.

A schooner yet unidentified but believed to be the Isabelle Parmenter, has been located off Oregon Inlet, capsized and abandoned. The commander of the Parmenter, his family and crew were rescued Saturday night.

Lifeboats Sought  
Radio messages dealing with the Algiers are badly garbled. One, supposed to have been sent by the Virginia Express, of the Richmond-New York line, said: "Found the Algiers alive, entirely gutted and abandoned. Searching for lifeboats."

Naval authorities were at a loss to interpret the message because the bearings given would place the ship far off the usual course and perhaps on dry land. No further communication has come from the Virginia Express. The Algiers, with a tonnage of 2,204 is out of Philadelphia.

Schooner Abandoned  
BOSTON, Nov. 2.—The schooner Eva, of Marstal, Denmark, has been abandoned in the North Atlantic, several hundred miles east of Newfoundland, a message relayed here by wireless from the steamer Homer said today. All members of the crew were rescued by the steamer Idaho. The wreck was said to be in a sinking condition and dangerous to navigation. The Eva is a wooden three-masted schooner of 158 tons, ninety-seven feet long.

Schooner Wrecked  
ST. JOHN'S, Nfld., Nov. 2.—Another was added to the long list of wrecks that have been strewn along the coast of Newfoundland in the gales of the last two weeks, when the schooner Alcione, captained by Chrichtall, was stranded and became a total loss on the rocks of New Harbor. The crew escaped and part of the fish cargo was salvaged.

Evidence of another maritime tragedy was reported at Change Islands, where a keg of molasses, barrels of flour and deck gear were noticed floating on the water, leading to the belief that a vessel had gone down in the vicinity. There has been no report of any craft missing.

Crew Missing  
NEW YORK, Nov. 2.—The freighter Algiers burned off Norfolk last night, the Independent Wireless Telegraph company reported today. A message from the freighter Birgah, from Algiers, said to the aid of the Algiers, said no sign of life was seen aboard the burning ship.

The last wireless from the Birgah, which received shortly before midnight, said it was cruising about in search of possible lifeboats with survivors.

Boat Note Tells of Tragedy  
QUEBEC, Nov. 2.—"Lost in storm. Written by one of the shipwrecked crew of the steamer Alphonse, St. Lawrence. Please be kind enough to forward this to me as soon as possible. Happened October 25, 1925. Written by Y. Tremblay, Adieu."

The above message, countersigned by "Captain Brandeweer," was found in a bottle in the St. Lawrence River, near the lighthouse of St. Pelletie, Malana County, on October 27.

The message was written in Dutch and following its translation this afternoon by Abbe Dumont, of Laval University, it was sent to the Department of Marine and Fisheries at Ottawa.

MONTREAL, Nov. 2.—The Dutch steamer Alphonse, 2,170 tons, sailed from Montreal bound for Rotterdam, on Saturday, October 14. Marine records here give the name of the master of the Alphonse as Van Waarden.

## Vancouver Man Found Guilty of Manslaughter

VANCOUVER, Nov. 2.—S. Montgomery was this evening convicted of manslaughter in assize court on a charge of having committed an illegal operation on nineteen-year-old Evelyn Campbell, which caused her death on September 24. He was remanded for sentence. The original charge of murder was reduced to manslaughter. Montgomery denied his guilt when placed on the stand this afternoon.

Britain Wins on Rate  
LONDON, Nov. 2.—"National Rate Week" began today. The health ministry is appealing to the people to make special efforts this week to exterminate the rats before they enter their winter quarters. Many municipalities have offered prizes for the biggest bags.

# Reorganization Red Tag SALE

Mitchell & Duncan, Ltd., wish to express their appreciation to the citizens of Victoria for the way in which they accepted the drastic reductions that were and will still be offered to our many patrons. This sale had to be put on owing to certain conditions, which would not interest you were we to put it all in print.

After due consideration we selected Mr. Horace Dorer as the most well-known and efficient merchandising expert in the jewelry business. He comes to us well recommended and with a very clean reputation, and we are guided by his advice. The pricing is all dictated by him, and we do not interfere no matter what cut he makes.

This sale is not put on to make money, it is put on only to realize. Saturday convinced us that we selected wisely, due only to volume secured. Many of the lines offered are below cost, and we try not to be bombastic in making our assertions in print. Just a few examples as follows:

<b>E. P. N. S.</b> Salts and Peppers Sale Price, per pair ..... <b>55c</b>	<b>Society Compacts</b> Gilt finish. Reg. \$1.25, refills 25c—\$1.50—Compact and refills. ### Legislature of B.C. Starts on Its Work

Continued from Page 1

The Speech from the Throne was as follows: Mr. Speaker and Members of the Legislature:

I welcome you to the second session of the sixteenth Parliament of British Columbia.

Business conditions throughout the Province have improved since you last met. This improvement is reflected in increased building activities and in the expansion of industries.

My Government has, since last session, continued its efforts to secure a removal of discrimination against British Columbia in the matter of railway transportation rates, and you will be pleased to learn that a considerable measure of success has attended these endeavors. My Government intends that there shall be no relaxation of effort to secure substantial justice for the Province.

Owing to a partial crop failure in Alberta and Saskatchewan in the season of 1924, the exports of grain from British Columbia have been considerably less than in the preceding year. The improved crops of the present year indicate a very large increase in the amount of exportable grain for the present shipping season, and with the application of Crow's Nest Pass agreement rates, it is confidently hoped that this year's exports will be of such considerable volume as to create material stimulation in the business life of the Province.

**University Buildings**  
The construction of the University buildings has been completed and possession has been transferred to the Chancellor and the Board of Governors. The buildings are now occupied by the students and the teaching staff. Improvement of University grant lands has been continued; a subdivision has been plotted and a number of lots sold. It is the intention of my Government to continue the development of University grant lands for residential and business purposes.

In the construction of University buildings and in the improvement of University grant lands, there have been expenditures in excess of the amount authorized by the University Loan Act. A bill to provide the additional monies required will be placed before you for your consideration.

Returns received in respect to the mineral production of the Province indicate that the output for the present year will constitute a new high record.

The value of agricultural production continues to increase.

The value of fisheries production is being maintained, and it is expected that the 1924 yield will be equalled in 1925.

**Lumbering Active**  
The lumbering business of the Province is now in a more satisfactory basis than heretofore. Exports to Great Britain have largely increased as a result of the effects of the educational effects of the Wembley Exhibition.

Owing in part to the very dry season, forest fires have been more numerous and more destructive than usual. The cost of fire-fighting has exceeded the monies available, and you will be asked to make additional provision therefor.

A bill relating to debentures of the Pacific Great Eastern Railway Company, and for providing a sinking fund therefor, will be submitted for your approval.

**Insurance Measure**  
A bill to amend and consolidate the law relating to insurance is in course of preparation, and it is expected that

### Seventy-Two Per Cent of Total Vote Polled Thursday

THE final figures for Victoria's poll on Thursday were: Hon. S. P. Tolmie, 4,928; W. M. Ivel, 4,617; rejected, 110. The total poll was 11,455 votes out of a registration of 16,142. These figures were issued by the returning officer yesterday.

That will be ready for submission during the session.

Legislation having reference to the Sumas dyking district will be placed before you for your approval.

The increasing number of inmates in our mental hospitals is a matter of serious concern, and will require careful consideration.

Satisfactory progress has been made with the extension of the highway system. Reconstruction of the Cariboo Road through the Fraser River Canyon is proceeding rapidly, and, before another session is due, connection with the road system of the interior will be had, and a closer connection between the coast and the inland cities will be established for all time.

The industrial payroll continues to show a substantial advance over former years.

The Hours of Work Act, under the Board of Adjustment, appears to be operating successfully.

**Tabling of Reports**  
The report of the survey of the educational system of the Province has been printed and will be placed before you immediately.

There will be placed before you: The public accounts for the fiscal year 1924-25.

The report of the Workmen's Compensation Board.

The annual report of the Liquor Control Board.

The reports of the several departments of the Government.

The estimates of revenue and expenditure for the next fiscal year will be submitted for your consideration and approval.

Gentlemen, I now leave you in full confidence that the work entrusted to you will be faithfully performed, and I pray that the blessing of God shall rest upon your labors.

**New Member Sworn In**  
At the conclusion of the King's Speech, prayers were offered by St. Rev. Bishop Schofield, Bishop of Columbia. Mr. Dugald McPherson, member-elect for the Mainland riding of Grand Forks-Greenwood, was sworn in, and various departmental reports by ministers, covering, for the most part, affairs of the last fiscal year, were presented.

In line with the usual procedure, one bill was introduced, Attorney-General Manson making the presentation of "an act to make uniform the law respecting the liability of the parties in an action for damages for negligence where more than one party is in fault." Immediately afterwards Premier Oliver moved for an adjournment of the House until 3 o'clock this afternoon. The motion was carried and a ceremony of opening the British Columbia Legislature was ended.

**THE NEW FRENCH REMEDY, THERAPION NO. 1 THERAPION NO. 2 THERAPION NO. 3**

### Council to Ask Clarification of Tax Clauses

Would Remove Doubt as to Jurisdiction of Province and Municipality in Regard to Succession Duty

Instead of supporting the demand for the abolition of the succession duty the City Council decided last night to seek clarification of the clauses of the act governing the succession duties on land, so that there should be no further doubt as to the line of demarcation between Provincial and municipal jurisdiction.

In a letter to the Council last night the Chamber of Commerce asked the Council to support its request for the abolition of the succession duty.

Ald. Woodward moved that the letter be received and filed, contending that the matter was not properly within the province of the Council. He did not think it wise, he said, for the Council to involve itself in such a question.

If the Council asked the Government to abandon one source of revenue the latter would be justified in asking the Council to suggest another one to replace it.

His viewpoint was approved by Aldermen Clearhue and Marchant, the former pointing out that the city proposed asking the Legislature for certain measures during the present session and might, by injudicious interference in politics, jeopardize the likelihood of securing the desired legislation.

Ald. Todd declared that the Succession Duty Act was the piece of legislation doing most to retard the progress of the Province.

The Council finally decided to refuse the request of the Chamber of Commerce. Then Ald. Woodward suggested that the Legislative Committee be asked to take steps to have cleared up the doubt surrounding Provincial and municipal jurisdiction in the matter of the succession duty on land. His suggestion was adopted by the Council.

**Zionists Make Palestine to Blossom as Rose**

Fulfillment of Old Testament Prophecy Is Seen by Advocates of Return of Jews to Palestine

That 76,000 bona fide Jews have returned to Palestine to make their homes since the Balfour declaration, and that the total Hebrew population of the Holy Land is now 148,000 out of about 750,000 of various nationalities, chiefly Arabs, is the statement of Mr. H. M. Calerman, national organizer of the Canadian Zionist organization, who arrived here from Montreal yesterday. His special objective here is to prevail on the Victoria Jewish women to join a chapter of the Hadassah, a body devoted to the welfare of the immigrants in social and sanitary service.

It is exactly eight years since the declaration which voiced the historic rights of the Jewish people to a national home in Palestine.

Four Thousand a Month  
For the past eight months migration of Jews into Palestine has been proceeding at the rate of 4,000 per month. There is a large waiting list, says Mr. Calerman, in many European countries, and the migration is dependent largely upon available funds, and the method and progress of preparation for a new country. These immigrants come from sixty different countries.

Since the Balfour declaration the population has increased in the agricultural colonies very materially. There were forty-six of them; now there are 100 of such colonies. All forms of co-operative growing and management are in course of use. Three hundred factories have been built, and the Jews have developed a purely Jewish town of 40,000 near Jaffa from a village of 10,000 in the intervening years. This town is busily occupied in supplying building materials to the Jewish colonies and settlements elsewhere.

special warrants, and on what dates have warrants been granted? Who authorized the amount included in the over-commitments, and what official does the Government hold responsible for the present condition of affairs with regard to these over-commitments?

The leader of the Opposition also will inquire concerning the amount of money spent by the Government in the construction of the Fraser River Canyon Highway, and various particulars relative to authority of expenditure, contracts awarded, and the progress of the work.

**Expenditure on B.C. University To Be Probed**

Opposition Leader Will Demand Particulars in House of Public Monies Spent at Point Grey

All information in connection with expenditures of public money on construction of buildings at the new University of British Columbia at Point Grey, has been requested from Hon. Dr. Sutherland, Minister of Public Works, by the leader of the Opposition in the Legislature, Mr. R. H. Pooley, and the questions will be filed in the House on Wednesday.

Mr. Pooley desires to know all particulars relating to the over-expenditure made by the Government, which is believed to be in the neighborhood of \$1,300,000, and how much of that money has been covered by special warrants issued by His Honor Lieutenant-Governor W. C. Nichol at the request of the Government.

He will ask: What is the total amount of money expended in connection with buildings, grounds and furnishings? What is the total amount of commitments to date covering buildings, grounds and furnishings? What is the total payments to date made under these three headings? What portion of such payments have gone through the Department of Public Works and what portion through the Department of Lands?

What is the total amount of contracts entered into in regard to buildings, grounds and furnishings? What is the total of extras? On what date was it first discovered that the amount of the loan made for university construction had been over-committed, and what was the amount of the excess commitment at that time? What amount of money has been raised by

**One of Missing Men At Prince Rupert Found**

PRINCE GEORGE, Nov. 2.—After a wide search for the past month, during which bloodhounds were employed by Provincial Police in efforts to trace their whereabouts in the backwoods outside Prince George, William Hunt, sixty, one of two missing men, a well-known resident of Prince George, has been located at Dewey, east of this town, according to Constable A. H. Silk of the Provincial Police. It is believed that the other man, Charles Slater, postmaster of Crofton, who has been reported missing since October 13 last, has fallen into the Fraser River and drowned.

## Senate Leader Of Conservatives Called by Death

Sir James A. Loughheed in Ottawa Succumbs to Attack of Pneumonia—One of Calgary's Pioneers

Honored by All Parties

OTTAWA, Nov. 2.—The funeral of Sir James A. Loughheed, Conservative leader in the Senate, who died here this morning, will be held at Calgary, where he has lived since 1885. A funeral service will be held here at All Saints' Church on Tuesday afternoon at 2:30 o'clock, prior to the departure of Sir James' body for interment at Calgary.

Sir James held portfolios in the Governments headed by Sir Robert Borden and Rt. Hon. Arthur Meighen. He had been a member of the Senate since 1919.

Suffering a serious breakdown last winter, which confined him to his room, Sir James recovered sufficiently to make a good recovery that he was able to take his place toward the end of the session as leader of the Opposition in the Senate.

About ten days ago he developed bronchitis, and later pneumonia set in. Since Saturday, however, slight hopes were held out for his recovery, and the end came shortly before 10 o'clock this morning. During his illness Sir James was attended by Dr. Lafleur, of Montreal.

Regretted by All Parties

Word of the death of Sir James Loughheed was received with universal regret in political circles. During his long political career Sir James had won for himself numerous friends among all political parties. Lady Loughheed, a daughter and four sons survive. Lady Loughheed, with her son, Clarence, arrived in Ottawa yesterday. Mrs. Huxley, of St. Louis, Mo., a daughter, arrived this morning. Three other sons, Edgar and Douglas, of Calgary, and Norman, of Vancouver, also survive.

**Calgary's Early Pioneer**

CALGARY, Nov. 2.—Senator Sir James Loughheed, K.C.M.G., P.C., one of Calgary's earliest pioneers, and a leading Canadian statesman, was born in Hampton, Ont., September 1, 1854. He was called to the Toronto bar in 1881.

He had an eventful life. His father was a contractor and builder, and the future knight was apprenticed as a young man to a carpenter. After going through Osgoode Hall he went to Winnipeg. Medicine Hat claimed him next, but he boarded the first through C.P.R. train containing the heads of that railway and went as far as Calgary, arriving here in 1885, which city has been his home town ever since.

All Sir James Loughheed's investments in property were in central real estate. He bought land along what later were the main streets of the city.

**Owned Much Property**

A few years ago Sir James paid half the taxes of Calgary. He named his blocks of property after his sons. He was identified with many companies, being a director of the Canada Life Assurance Company, Metals, Ltd.; the Calgary Natural Gas Company; the Loughheed Properties, Ltd.; and others. He was married in 1884 to the eldest daughter of the late William Hardisty, brother of Lady Strathcona. When William Hardisty's brother, Senator Hardisty, died in 1889, Sir James was appointed to succeed him. In 1906 he succeeded Sir Mackenzie Bowell as leader of the Opposition in the Senate.

Sir James was one of the representatives of the Canadian Senate at the coronation of King George and Queen Mary in 1911, and was appointed by the king a Knight of the Distinguished Order of St. Michael and St. George in June, 1917.

During the war he was chairman of the military hospitals commission which was entrusted with the task of caring for the invalided soldiers. In 1918, during the lengthy absence of Sir Sam Hughes in England, he acted as Minister of Militia, and was also chairman of the economic and development commission.

## Chinese Celebrate Society's Opening

**Spectacular Procession Features Kong Chow Benefit Association Launching Here**

A spectacular celebration, in which a colorful procession was one of the predominant features, was conducted in Chinatown here on Sunday afternoon and evening to mark the official opening of the Kong Chow Benefit Association in Victoria.

Prominent citizens from Vancouver and up-Island points came to Victoria for the occasion, while many local people witnessed the festivities. The parade was led by a gorgeous Chinese dragon in gaudy colors, carried through the streets by a dozen concealed Chinamen, who formed the body of the monster. The massive head moved in realistic style as it proceeded along the thoroughfares.

Three times did the procession take place during the day, the first appearance being at 1 p.m., the next at 5 p.m. and the final parade at 10:30 o'clock in the evening. A score of prettily costumed Chinese girls formed a bright feature of the parade.

The festivities were continued until well after midnight. Members of the newly organized Kong Chow Benefit Association here attended a demonstration at the Chinese Theatre, where a native orchestra was furnishing selections and speeches were made. An enjoyable time was experienced by all who attended.

There was plenty of fun for the hundreds of children who thronged Chinatown's streets, entertainment being provided by the thousands of rounds of firecrackers which were fired during the day's proceedings.

The association is for members of the Kong Chow district in China. The society's headquarters are in Vancouver. The local branch will have its rooms at 1561 Government Street.

**Hamilton Casels, K.C., Dead**

TORONTO, Nov. 2.—Hamilton Casels, K.C., one of the organizers of the Penny Bank of Toronto, and prominent in Ontario legal, died here today, aged seventy-one.

SIR JAMES LOUGHEED

## Local Garden Has Green Peas and Strawberries Yet

OPTIMISTIC reports concerning the climate of Vancouver Island do not appear to be in the least exaggerated. Victoria, at least, seems to be enjoying a perpetual Spring, for no sooner have the old leaves fallen than new buds have begun to sprout, nourished by an unfailing sunlight. But buds are not the only favorable signs. An astonishing report has reached The Colonist that the garden of Mrs. P. A. Irving, Cook Street, is still yielding strawberries and green peas. A quart of delicious red berries was culled last Saturday and two heaping platefuls were plucked two Sundays previous. The green peas, which were plucked in August, have been yielding heavily right up to yesterday, when a huge china bowl was filled with fresh pods.

## Obituary

**YOUNG**—Funeral service will be held at the Thompson Funeral Home, 1625 Quadra Street, this afternoon at 2 o'clock for the late Mrs. Anna Young, who passed away at an early hour at the Royal Jubilee Hospital, Saturday morning. The Rev. F. H. Fatt will conduct the service, after which the body will be laid to rest in Ross Bay cemetery.

**OATMAN**—The body of the late Mrs. Frances Linn Oatman, who passed away at the family residence, 2430 Douglas Street, Saturday morning, is resting at the Thompson Funeral Home, 1625 Quadra Street, until 2 o'clock, when funeral will take place Wednesday afternoon, at 3 o'clock. The body will be laid to rest in the Royal Oak Burial Park. The late Mrs. Oatman, who was a native of Springfield, Ontario, aged fifty-nine years, is survived by her husband, her aged mother, six sons, one daughter and five grandchildren.

**BOBBER**—The funeral of the late Alfred Bobber, who passed away at Kimberley, B.C., will take place from McCall Bros' Funeral Home, corner of Johnson and Vancouver streets, this afternoon at 3 o'clock, after which the remains will be laid to rest at Ross Bay cemetery.

**CAMERON**—The death occurred here Saturday of Mr. Peter Cameron, of South Wellington. He was thirty-five years of age and was born in Scotland. The remains are resting at Hayward's R.C. Funeral Chapel and will be forwarded to Nainina Wednesday afternoon for interment.

**MACDOWALL**—Funeral service for the late Mrs. Alice Maude Mary Macdowall will be held at Hayward's R.C. Funeral Chapel this afternoon at 2 o'clock. The Rev. Mr. Hughes will officiate and interment will be made at Ross Bay cemetery. No flowers by request.

**ROBINSON**—Service for the late Mrs. Hannah Robinson was held yesterday afternoon at 2 o'clock at Hayward's R.C. Funeral Chapel by the Rev. Dean Quinlan. There was a very large attendance of friends and many beautiful floral designs covered the casket and hearse. The hymns sung were "Nearer My God to Thee" and "Abide With Me." The following acted as pallbearers: Messrs. A. Parfitt, V. W. Irwin, H. A. Jean, C. McIlhenny, and H. T. Knott. The remains were laid to rest in the family plot at Ross Bay cemetery.

**RAVILLE**—The funeral of the late Mrs. Emily Raville took place yesterday afternoon at 3:30 at Hayward's R.C. Funeral Chapel, where service was held by the Rev. H. V. Hitchcock. There was a large gathering of friends and many beautiful floral tributes were received. The hymns sung were "Jesus, Lover of My Soul," and "Abide With Me." The following acted as pallbearers: Messrs. S. Parker, W. H. F. Rickdale, G. Flammank, E. Bentley, A. K. Davidson and H. W. V. Picknoid. Interment was made at Ross Bay cemetery.

**French General Recalled**

WASHINGTON, Nov. 2.—Official word of the recall by the French Government of General Barrail, as French High Commissioner in Syria, reached the State Department today.

## MAGNESIA BEST FOR YOUR INDIGESTION

Warns Against Doping Stomach With Artificial Digestants

Most people who suffer, either occasionally or chronically, from indigestion and have now discontinued digests. They have learned that the use of harmful drugs, stomach tonics, medicines and artificial digestants, instead of having the action as often given in these columns, take a teaspoonful or two of pure Magnesia in a little water after meals with the result that their stomachs no longer trouble them. They are able to eat as they please, and they enjoy much better health. Those who use Blended Magnesia never dread the approach of meal time because they know their stomachs will digest food normally, and the stomach acidity, swollen stomach, gas, flatulence, and all the other ailments which are so common to indigestion, will be relieved. Try this plan tomorrow but be certain to get pure Blended Magnesia, specially prepared for stomach use.

## Japan's Message By Ambassador Bespeaks Peace

Baron Keishiro Matsui, En Route to London, Passes Through Victoria to Succeed Hayashi

Has Held Important Posts

Baron Keishiro Matsui, Japan's newly-appointed Ambassador to the Court of St. James, passed through Victoria yesterday on the liner Empress of Asia, en route to England.

**Cordial Relations**

The Baron's views on his new appointment were expressed at length the week before he sailed, at Tokyo, at a luncheon of the Pan Pacific Club. "The great difficulties which have confronted all the countries since the war are enormous, and we are all anxious to keep on good terms among ourselves," he said. "When I go to this new post I am quite sure that the British people partake of the same view as our people, that is to keep good terms between our nations. Fortunately, we have a very difficult problem between Japan and Great Britain, but Great Britain as a centre of European diplomacy, having great interests in all parts of the world, naturally I have to talk with the British Government on all sorts of questions which interest both Japan and Great Britain. I think that in all these dealings frank talk and mutual accommodation will bring about happy results. I am persuaded from my own experience in different lands that all countries feel alike, not only the two countries mentioned, but all others will co-operate for the maintenance of mutual friendship and peaceful relations."

**Memories of London**

"I do not know how long I shall be in London, but I think so long as my services are of use and I trust that after some years' residence in Great Britain I will bring back new stories, full of interest and pleasure. The four years I have already spent in London are always a happy memory to me."

"I have lived in different lands—my first post was in Korea. I spent some time in China just at the time the war was raging between Japan and Russia. I spent six years, at two different times, of my life, in the United States. I lived in England for four years just at the time when the alliance between Japan and Great Britain was made. In 1902, I think, I lived in France at the time of the last Great War, and I remained there until after the conference. "From all these experiences I have had in different lands, I am persuaded to believe that all governments are sincerely anxious to help one another to promote good understanding."

**His Career**

Baron Matsui, who had a long and distinguished career in foreign affairs in the diplomatic corps of Japan, replaced Baron G. Hayashi. Three years before succeeding to the legation at London, Baron Matsui was Minister of Foreign Affairs in the Japanese Government, from 1921 to 1922, being given the Cabinet position after three years as Japanese Ambassador in Paris.

During the war years the Baron was Under Secretary of Foreign Affairs at Tokyo.

Accompanied by his retinue, Baron

## Afternoon Gowns

Matsui will sail from Quebec on the Empress of France for London, where he will assume his new duties. The Baron was met on board when the Empress of Asia docked by a delegation of leading Japanese merchants of this city.

**Italy and America Renew Debt Parley**

First Session Fails to Carry Delegates Far Toward Settlement

WASHINGTON, Nov. 2.—The Italian and American debt funding commissions met today for a renewal of the effort to find a satisfactory formula for funding Italy's war debt to the United States, but the first session did not carry discussion beyond

exchanges of felicitations and the beginning of consideration of Italy's economic and financial situation. Members of the commissions talked an hour and a half about the situation in which Italy finds herself, with a debt of \$2,138,642,873 to the American Government, and a stabilized government fiscal policy and a balanced budget only in the starting stage.

### Catholic Bishop Of Osaka Passes Through Victoria

Representative of an historical tie, that of Osaka, which was famous in the Christianising campaign of the sixteenth century in Japan, and which suffered in the persecutions of the Christians in that country subsequently.

quently, Bishop Castanier passed through Victoria yesterday on the liner Empress of Asia.

The Bishop has been twenty-six years in Japan, and seven years of that period has been head of the Roman Catholic diocese with its headquarters in Japan's second city.

He is representative of one of the French missions, which is placed in charge of that work in Japan. He is making his decennial visit to Rome, and will return by way of Russia.

### After 12 years' suffering with constipation, Kellogg's ALL-BRAN brought lasting relief

This woman feels ten years younger. No more headaches or medicine.

Think what it means to be everlastingly free from the dull, throbbing headaches, yellow skin and perpetual tiredness which are constipation's toll. But let Mrs. Bevis tell you her inspiring story!

Words can't express my gratitude for Kellogg's ALL-BRAN. For 12 years I suffered with constipation, always taking medicine, had dull headaches and never felt well. For the past 12 months I've eaten ALL-BRAN and haven't taken one drop of medicine. I've gained 15 pounds, my health is so improved I feel 10 years younger.

(Signed) Mrs. F. S. Bevis.  
(Address on request).

## City and District

**Friendly Help**—The monthly meeting of the Friendly Help Association will be held this morning at 10:30 in the rooms (upstairs), Market Building, Commercial Street.

**Approve Town Planning**—Having considered the new draft of the proposed Town Planning Act, the City Council last night endorsed it in principle.

**Guild of Health**—A public meeting of the Guild will be held Thursday, November 5, at 8 o'clock, in the old schoolroom, 514 Quadra Street, when an address will be given by Rt. Rev. Bishop Schofield.

**Another Gasoline Pump**—The City Council last night granted the application of the C. & C. Taxi Service, Limited, for permission to install a gasoline tank and pump at 565 Government Street.

**To Next Year's Council**—The request of Mr. I. W. Aude, City Garden manager, that the city build a sidewalk on Belleville Street at the southern end of the amusement centre, was last night tabled for consideration by next year's council.

**Lodging House By-Law**—The request of the Police Commission that the city enact an ordinance compelling lodging-house owners to keep guest registers was referred by the City Council last night to the legislative committee.

**Industrial Advertisements**—The City Council last night decided to ask the Victoria and Island Publicity Bureau to expend the sum of \$500 on advertisements in trade journals in the British Isles, setting forth the advantages of Victoria as an industrial centre.

**May Represent City**—Mayor Penderay may represent the city at the ceremonies planned to celebrate the opening of the Second Narrows Bridge, North Vancouver, as a result of the City Council's request last night that he attend in official capacity.

**Action Dismissed**—Judge Lampman has dismissed the action in Henry James vs. Tait and Marchant in the

**Country Court**. The suit was one in which a claim for the use of horses was concerned. Mr. J. J. Prior appeared for the plaintiff and Mr. D. L. Tait for the other side.

**Again Postponed**—Decision on the question of granting a five-year lease on the Willows grounds to the British Columbia Agricultural Association was again postponed by the City Council last night. Ald. Cullin, a director of the association, suggested that a one-year lease be granted, but the whole question was tabled for another week.

**Has Rib Broken**—Mr. S. Tokie received a broken rib yesterday afternoon when he was hurled from his bicycle in a collision with a Gorge street car at the intersection of Pembroke and Douglas streets. He was rushed to the police hospital to the St. Joseph's Hospital where his condition was reported not to be serious late last night.

**Garden City W.I.**—The regular monthly meeting of the Garden City Women's Institute will take place on a sports club of Paris, to win a wager, and has twenty years' experience in the trip, but anticipates doing it in three years.

**City Temple Men's Service Club**—The meetings of the City Temple Men's Service Club will be resumed tomorrow evening, when the club will meet at the K. of P. Hall, on North Park Street, at 8 o'clock. Mr. George H. Duncan, member of the New Hampshire Legislature (an expert on taxation), will speak on the subject of "Single Tax." Ladies will be welcome at this opening meeting.

**Would Ban Firecrackers**—Commissioner Stanley announced yesterday that at the next meeting of the Police Commission he would move for regulations prohibiting the use of fireworks and similar pyrotechnic devices. Commissioner Stanley's announcement followed his introduction to Mayor Penderay of Mrs. Dalmore, who had purchased a giant firecracker, Saturday afternoon.

## Reaction Toward Atheism Seen As Spiritual Condition in Ireland

Rev. R. Mercer-Wilson and Dr. J. J. Long, Speaking at St. John's Church on Behalf of Protestant Missions Last Night, Make Eloquent Appeal for Funds

An eloquent appeal on behalf of the Irish Church Missions, a movement instituted by the Protestant Church in Ireland for the purpose of carrying their faith to the Roman Catholics, was made last evening at St. John's Church by Rev. R. Mercer-Wilson, M.A., and Dr. J. J. Long, who are touring Canada and the United States in the interests of their church.

Mr. Mercer-Wilson dealt comprehensively with the conditions in Ireland today, referring to the business stagnation, the backwardness of the people, the impoverished state of the government, the general internal dissension, and the state of atheism which was succeeding bigoted Catholicism.

"In Ireland today there is more trend away from the Church of Rome than there has been for seven centuries," said this speaker at one point. Since January, 1924, sixty-seven converts from Catholicism had been publicly received in Dublin.

Conditions at the present time in Ireland were especially difficult in the South and the West, but religiously, it was claimed, there was more hope for the people, as Romanism was at present split on the rock of Republicanism. The result was that "the people are divided and are losing their allegiance to the church of their upbringing."

"The reaction is toward atheism, from the extreme credulity to the extreme of free thinking," said the speaker.

**Important Question**—Reference was made to the meeting in Dublin at which the leader of the Republicans there, Rev. Michael O'Flanagan, had stated that he had been recommended for missionary work in China. "If I go to China I want to know what form of Christianity I will be expected to teach; will it be the form taught by Archbishop Mannix or that taught by Maynooth College that has turned its back upon him?" O'Flanagan had asked, following.

### Farm at Sooke Harbor Will Be Bought by Lessee

THE Grouse Nest Farm, at Sooke Harbor, long in the ownership of the Gillespie family, will be purchased by Mr. E. C. Warren, a former resident of Florida, who recently acquired the land under lease. An option to purchase 1,200 acres was entered into, to be exercised by January 1. Mr. Warren, whose name was before the public in August as a buyer of inside city property at the auction sale, told The Colonist yesterday that he was so well satisfied with his Sooke lease that he would purchase the land. He will construct a road through it to join the existing highway, and will employ local Sooke labor on the road. He expects to have about twenty-five persons regularly engaged, some of whom have just been laid off from Government road work.

In this question by declaring that Christianity should be a living force in Ireland before they began to preach to it. That had seemed like a form of admission that the Church of Rome's teaching in Ireland was not a living force.

**Medical Mission**—Dr. J. J. Long, founder of the Limerick Medical Mission, the second speaker at last night's meeting, told the story of the mission. Last year 4,355 visits were paid to the dispensary, where services were given without charge. Other dispensaries were being established throughout the country, and untold good was being done in helping out unfortunates and poor people who were unable to pay for professional services.

**Two Absentees**—Two of the mission workers, Lieut. Col. H. Moore, C.M.G., late of the Somerset Infantry, and Mr. T. P. O'Connor, of the Dublin mission, remained in Vancouver in address a meeting there last night. The whole party goes today to Seattle, thence to California, Denver, Omaha, Chicago, and eventually to New York and home.

Half hatched duck eggs, boiled in the shell, is the most popular food in Philippine Island delicatessens.

### Headaches and Biliousness

Are quickly relieved by Dr. Chase's Kidney-Liver Pills.

When you feel irritable, cranky and downhearted, you can easily blame the liver, for there is no organ in the human body which so quickly throws the system out of sorts as a torpid, sluggish liver. You do not need to be in the blues long, if you know about Dr. Chase's Kidney-Liver Pills for by their direct action on the liver they relieve promptly and prove lastingly beneficial.

## Legless Walker Reaches Victoria

Former French Aviator, Crippled in Great War, Essays Task of Remarkable Prowess

Pedestrians who are in full possession of their legs for the purpose of extended trips, some of them periodically appearing at public and newspaper offices for verification of their disabilities, but perhaps in the first time that Victoria has seen a legless man on a world tour, when a steamer passenger arrived here yesterday on board the liner Empress of Asia.

The young man, a French aviator in the war, and now about twenty-eight years of age, is named J. Perrot. He has both his legs amputated in a German prison camp during his service in the war. He was severely injured in a crash near Dixmude early in the war.

Mr. Perrot wears the uniform of an aviator of his country, with forage cap and tunic, while on one arm is wound round the tricolor of his nation.

He is making this world tour for a sports club of Paris, to win a wager, and has twenty years' experience in the trip, but anticipates doing it in three years.

In view of the fact that he has traveled so far in his journey with the double handicap of his disability as an amputee, and his little knowledge of any language except his mother tongue, this heroic persistence should demonstrate his ability to complete the journey, which must be done on foot when he lands from any steamer. Mr. Perrot says he will endeavor to cross the continent by way of the Canadian route.

"What a scrawny girl!" Her fortune is estimated at a million.

"What a fine figure."

## Hon. Dr. Tolmie Reviews Needs Of Agriculture

Federal Member for Victoria Urges Development of Markets Abroad and Sound Immigration Policy Improvements Are Cited

Agriculture means the prosperity of the whole country and affects every other business or industry. If agriculture is placed on a sound and safe basis, the rest of the country will take care of itself, Hon. Dr. P. Tolmie, Federal member for Victoria, told members of the Victoria Gyro Club at their luncheon yesterday at noon in the Chamber of Commerce.

Hon. Dr. Tolmie, after reviewing agricultural conditions in Canada today, outlined a number of ways in which greater agricultural results could be attained, the wealth and prosperity of the country increased and taxation reduced.

By a slight improvement in the cultivation of the soil and a little higher grade of livestock, the agricultural products of this Dominion could be increased \$10,000,000 a year, Hon. Tolmie asserted.

The speaker said that agricultural colleges in the various provinces were playing an important part in the progress of the industry. Many who graduated from these institutions went onto the land and did very well. There were, however, quite a number of boys, Hon. Dr. Tolmie observed, who left the land to attend the colleges and did not return to the farm after graduating.

**Laude Experimental Farms**

Prizes for the work carried on by the Government experimental farms was given by the speaker, who said that these agencies taught the farmers what to do, and gave them valuable advice. He stated that the discovery of Marquis wheat by the Ottawa farm would pay for the cost of the entire system. Exhibitions were also added as contributing factors in agricultural advancement.

Hon. Dr. Tolmie stated that Canada must develop markets abroad and adopt a sound immigration policy. In connection with the latter, he said that men who would be willing to make a living on the land should be placed on the great open spaces in Canada, tributary to the railways. This would furnish more freight for the railways, assist the government-owned road, the Canadian National Railway, increase the wealth and revenue of the country, make a decline in taxation, and lead Canada into a more prosperous state.

The speaker made a vigorous plea for the city people and the farmers to work hand-in-hand. Co-operation was what was needed. He urged citizens to purchase home products, and the farmers to buy their wares from the city merchants.

"Let us keep our dollars in our own country, and make them go round as often as possible," Hon. Dr. Tolmie declared, amid applause.

**Expresses Gratitude**

Gratitude to Victorians for the continued confidence they had placed in him as their representative in the Federal Government at Ottawa was expressed by Hon. Dr. Tolmie.

Gyro Aubrey Kent was the winner of the attendance prize, which was donated by Gyro Alderman John McKra.

Gyro A. W. Trevitt announced that the club committee which will direct the forthcoming big hoe-down at Saanichton, will meet tonight, at 5:30 o'clock, in Gyro Harold Brown's office, Broad Street.

A smart fur-trimmed coat with an elaborate pattern in Oriental colored silk is shown above. The design introduces a flower and foliage picture against a background of black satin.

### Farm Land Is Sought Here

The mail received by the Victoria and Island Publicity Bureau yesterday contained two requests for information regarding land. Mr. J. T. Taylor, 2432 American Avenue, Long Beach, California, wishes to buy a small farm somewhere near Victoria, from two to three acres in extent, with a small house. Poultry breeding is the purpose for which he wants it.

Mr. T. R. McConnell, Heathcote, Ontario, is in search of lands suitable for market gardening or sheep raising, and readers with such property to be disposed of might do well to communicate immediately with Mr. McConnell.

## Former Minister of Finance Will Speak

**SIR THOMAS WHITE**  
Former Federal Minister of Finance, has accepted an invitation to deliver the opening address at the Dominion-wide conference of the Boards of Trade and Chambers of Commerce in Winnipeg November 10. He will speak upon "Canada's Present National and Economic Position."

## Detroit Puzzled To Get Roadway For All Its Cars

Thoroughfares Choked with Machines of All Kinds—\$100,000,000 to Be Spent on New Streets.

### Paved Way to Be 120 Feet

DETROIT, Nov. 2.—Detroit wasn't so much until the automobile came chugging into the picture. But just as too much prosperity frequently proves an expensive thing, so do many officials here suggest that too many automobiles may spoil the municipal brood.

Almost everyone in Detroit, it seems, drives. Everyone with as little as \$5 for a first payment is a potential purchaser. Detroit makes more automobiles than any other city; two hundred thousand of its population are employed in automobile factories. They make motor cars, and they ride in them.

So Detroit's thoroughfares are choked with machines—flivvers by the ten thousands, trucks, passenger cars of every description, jitneys and motor buses. The automobile industry has "made" Detroit. It also has created serious problems. Detroit today is hard pressed to keep pace with its motorized citizenry.

**Many Remedies Suggested**

Subways, elevated, wider streets, stringent parking regulations—all have been suggested as panaceas. In the meantime the situation becomes more acute. Where to put a car is more of a problem than many than raising the revenue to buy it. Garage shortages in many sections, coupled with the native thrift of penuriousness of owners, have worked to increase all night parking at curbs. Big and shiny ones stand with their lower brethren. Thereby is added another perplexing traffic problem.

There has been evolved what is known as the "Master Plan," entailing an expenditure within the next fifteen years of \$100,000,000 for new thoroughfares and the widening of many existing arteries.

**Super-Highway Approved**

For two years past street-widening has been in progress, but it has not kept up with traffic increase. A super-highway to bisect the city, providing a direct east-west side thoroughfare, has been approved by the voters. Yet today, before the approved plan has begun to take shape, it has been found that the proposed eighty-foot wide street would be inadequate, and the plans are being revised for a 120-foot paved way.

The traffic problem is by no means confined to downtown Detroit. It extends even beyond the city limits. Several of the street-widening projects now under consideration are eight miles or more from the business district. Some of these streets are to be widened to 204 feet. One super-highway, connecting Detroit and Pontiac—cities twenty-five miles apart—provides room for four machines moving in each direction at the same time. Yet even this roadway already has experienced serious traffic tieups.

### Burglars Invited To Return Goods "If Not Satisfactory"

PHILADELPHIA, Nov. 2.—A Philadelphia store that was robbed invited the burglars to bring back the goods they took if not found satisfactory.

Realizing the power of advertising the store inserted a display ad in local papers headed "Notice: To the Burglars Who Robbed Our Store." The notice said:

"You boys are not using your powers of observation. (An unpardonable trait in any burglar.) If you read our advertisements and noticed our very low prices you could have saved yourself the trouble of 'breaking in' to get the things you wanted. We are glad to know, however, that you prefer our merchandise. Every article in our store is absolutely guaranteed by us—whether you buy it or steal it makes no difference. If what you fellows took does not give you good service, bring it back and we will make it good—with the assistance of General Butler."

"P.S.—Special reception for burglars calling after our store is closed. Bring your friends along."

### Missing Man's Body Found

PORT ARTHUR, Nov. 2.—The body of Edward McDonald, fifty-eight, well-known citizen who has been missing since Monday last, was found yesterday in a pool of water in a stone quarry, about two miles from his home. The body was first seen through a sheet of ice that had formed during the week. Mr. McDonald had left his home Monday morning ostensibly to walk to his farm, seven miles out in McNicoll township, and parties had been searching for him continuously since.

# Hudson's Bay Company

INCORPORATED 2ND MAY, 1670

Five Huge Floors Brimful of Merchandise Ably Illustrate the Value-Giving Power of This Store

## Four Ways of Shopping

Our unsurpassed store service provides for four ways of shopping—

- Cash
- Monthly Accounts
- Cash on Delivery
- Time Payments

THE greater volume of our business is naturally for cash. Because of our very liberal policy of "return goods if not satisfied" it is simple and popular with thousands of our customers.

THE convenience of a monthly charge account is provided for those who desire this service, and is particularly desirable for regular customers of our Grocery, Delicatessen and Fresh Meat Departments.

OUR C.O.D. system is undoubtedly a convenience to patrons who do not care to run a monthly account, but who often find it more convenient to phone in their orders.

LARGER purchases, such as furniture, carpets, ranges, wash machines, Hoover carpet sweepers and other household furnishings may be arranged for on easy monthly payments.

NO matter on what plan you prefer to shop—you can always depend on one thing at Hudson's Bay Company—Good service, prompt, attentive, courteous, intelligent and helpful. You can also depend on the trustworthiness of our merchandise, and that for every dollar spent you are receiving the fullest possible value.

# Society and Women's Affairs

## Bridge Party

The Camosun Chapter, I.O.D.E., held an enjoyable and successful bridge and 500 party at the home of Miss Agnew, "Schuhum," Rockland Avenue, on Saturday evening. The reception-rooms were decorated with Hallowe'en favors. There were fourteen tables in play, and among those present were: Mrs. Andrew Wright, Mrs. T. W. Paterson, W. L. McIntosh, Mr. and Mrs. James Stewart, Miss Watson, Mrs. Anderson, Mr. and Mrs. J. C. Barnacle, Miss Trenchard, Mrs. Perry, Mr. Henderson, Mrs. Curtis Sampson, Mrs. A. N. Mount, Mrs. George, Miss Wilson, Mrs. Moody, Mrs. Topp, Miss Laura McEachern, Miss Clare Moody, Mrs. Heming, Miss Hutton, Col. Appleton, Mr. H. C. Dalby, Mr. and Mrs. W. McC. Moore, Miss Nan Brock, Mr. J. H. Hartley, Mrs. Hammond King, Mrs. MacIvor Campbell, Mr. and Mrs. E. H. King, Mrs. Astle, Mrs. P. Edmond Colby, Mrs. Hughes, Miss Smith, Mrs. L. H. Hardie, Mrs. Kerr, Mrs. Dorman, Mrs. Herchner, Mrs. Studholme, Mrs. Pocock, Mr. Virtue, Mr. McPherson, Mr. and Mrs. R. W. Gibson, Judge and Mrs. McIntosh, Miss Phillips, Miss Renny, Miss A. Angus, Mr. J. H. H. man, Mrs. Sylvester, Miss Sylvester, Miss Taylor, Mrs. Currie, Mrs. Miles, Mrs. Kippen, Mrs. J. R. Hartley, Mrs. Campbell, Mrs. McCrae, Mrs. Phillips and Mrs. Watson. The bridge winners were Mrs. Pocock, Judge McIntosh, Mrs. A. N. Mount and Mrs. McPherson. Five hundred winners were Mrs. Sylvester and Mr. Astle.

## Hallowe'en Party

Miss Beatrice MacLoud was hostess at a delightful Hallowe'en party at

her home, Saturday evening. The rooms were tastefully decorated with Jack o' Lanterns, witches, black cats, and other Hallowe'en novelties. The evening was spent in dancing, playing games, and the telling of ghost stories, which were greatly enjoyed by all. Later a delightful supper was served, during which the prizes were given. Miss Ruby Ishler, being honored with first prize for ladies, obtaining the highest score. Hooby prize was won by Mrs. Coward, of Sidney. Mr. Coward, of Sidney, carried off the prize for highest score amongst the men, while Mr. Rutan carried off the hooby prize. Special was won by Miss Eleanor Rutan, and Jack Wineburg won the special prize for men. Among those present were: Mr. and Mrs. MacLoud, Mr. and Mrs. Ahlers and Master Ahlers, Mr. and Mrs. E. Rutan, Misses Rutan, Mr. and Mrs. Coward (of Sidney), the Misses MacLoud, Miss Wallbaum, Sarah Ellis, Ruby Ishler, Sarah Graham, Myliss and Dorothy Westlake, Annie Wineburg, Gilly McLaughlin, Messrs. Teddy Dare, Len Pearce, Elmer Ferguson, Archie Hubbard, George Bird, Jack Wineburg, Stan Cooper and Teddy MacLoud.

Williams, Mr. and Mrs. Henry Hall, Mr. and Mrs. John Hart (Vancouver), Miss Tait, Mr. and Mrs. Harry Charlesworth, Mrs. Frank Campbell, Mrs. Miller, Judge and Mrs. Lampman, Mr. and Mrs. H. H. Handley, Mr. and Mrs. Brenson, Mr. and Mrs. R. Jones, Mr. and Mrs. Martin, Miss Gulliver, Dean Quinton, Miss Brown and many others.

## Fourth Dramalogue

"Hay Fever," the clever and mirthful play by Noel Coward, was read yesterday at the fourth Victoria dramalogue, by a cast of readers which was exceptionally well chosen

## Fashions and Foibles

By Shirley Sharn

The small girl with the snake's hips can wear with impunity double circular flounces that ripple all around her slim figure.

Roses and ruffles belong to that delightful age when one is as straight, forward and back, by nature, as one is intended to be by fashion. For dancing school and special occasions, the one-piece frock trimmed with circular flounces is charming in light blue georgette with a giraffe of silver ribbon and pale pink flowers, or in light pink crepe de Chine with the twisted silver giraffe and flowers of deeper rose pink. Lemon-yellow taffeta with deep orange velvet ribbon at the waist, and orange flowers, is a combination used in Paris.

for their parts, and who imparted to their lines a spirit and undercurrent that has not been equalled at any reading this season. The characters were read by: Mrs. Guy Goddard, Mrs. Hayward, Mrs. Aldous, Mrs. H. Gillespie, Miss Dorothy Crump, Capt. Thorpe-Douglas, H.N.; Col. Hungerford Pollen, Capt. Hugh Allan. Among the members present were: Mrs. Longstaffe, Mrs. Archibald Harris, Mrs. Herman Robertson, Mrs. Cator, Mrs. Philbrick, Mrs. Thorpe-Douglas, Miss Leaven, Mrs. Pearce, Mrs. Allist, Miss Dunsmuir, Miss Helsterman, Miss Cann, Mrs. Gallier, Mrs. Jones, Mrs. Barnacle, Mrs. and Miss Gallier, Mrs. Nelson, Mrs. Walsh, Mrs. Ker, Mrs. Gower, Mrs. Todd, Mrs. H. Rose, Miss Betty Phillips, and others.

## His Honor Entertains

The Hon. W. C. Nichol, Lieutenant-Governor of British Columbia, entertained at a formal dinner last evening at Government House, following the opening of the House. The table was beautifully decorated with chrysanthemums and covers were laid for twenty guests, as follows: Chief Justice Macdonald, Hon. S. F. Tolmie, Hon. R. E. Green, Hon. John Oliver, Premier of the Province, the Rt. Rev. C. de V. Schofield, Bishop of Columbia; Hon. J. D. MacLean, Hon. W. Sloan, Hon. F. D. Pattullo, Hon. E. D. Burrows, Hon. A. M. Manson, Hon. W. H. Sutherland, Hon. J. A. Buckham, Hon. R. H. Pooley, Brig.-Gen. J. W. Rose, Commander Brabant, Sir Henry Cowan, Col. Brown, Mayor Pendray, Mr. C. P. W. Schwengers and Captain Carvoso.

## Hallowe'en Hosts

Mr. and Mrs. A. S. Averill, 1503 Rockland Avenue, were the hosts Saturday night at a most delightful Hallowe'en party for young people, when the spacious rooms were excellently decorated with weird and spooky emblems of Hallowe'en. Amongst the many old-time customs indulged in, to the delight of everyone and the flooding of the dining-room floor, was that old favorite, "ducking for apples." A winsome young lady won this and most of the competitive events. Games, music and refreshments were the chief items of a jolly programme.

Hostess on Hallowe'en Mrs. Fred Greive, Myrtle Street, entertained a few friends, Saturday evening, the rooms being decorated with Hallowe'en novelties. Delightful music was rendered by Mr. Varney, Mr. Hehrington and Mr. Stanley. Among the guests were Mr. and Mrs. Joyce, Mr. and Mrs. Hoskyn, Mrs. Richards, Mr. and Mrs. Stanley, Mrs. Lindley, Miss Mollie Richards, Mr. Tibbel, Mr. and Mrs. Hehrington, Mr. and Mrs. Varney, Mr. and Mrs. Merryman and Mrs. Fred Smith.

## Visita Aunt

Miss Isabel Brown-Foster, of Durham, England, is visiting her aunt, Mrs. Grant, at "Firwood Lodge," Cook Street, for several months.

## Poppies From Shanghai

In connection with the Poppy Day celebration, Mrs. M. L. McMicking has received from Dr. Richardson, of Shanghai, China, a box containing twelve dozen real silk poppies made by British residents in Shanghai. Mrs. McMicking has handed the poppies to the ladies of the Canadian Legion Women's Auxiliary, who intend to have them distributed amongst the ex-servicemen who are patients in the two city hospitals. Meantime the poppies will be on exhibition in the window of the poppy store, 1227 Government Street, Victoria.

## Music and Arts Recital

A splendid programme has been arranged for the music and arts recital, Thursday evening, November 5, in the Victoria Club, at 8:30 o'clock. Those taking part are the Velvet Quartette, Misses Merle North, Stella Hurlton, May Lewis, Bertha Wootton, Dr. Bryce and Mr. Moss. The accompaniment will be by Miss Smith.

## Hallowe'en Party

At their home on Wolsley Avenue, Mr. and Mrs. Howard Taylor were hosts, Saturday evening, to thirty of their friends at a delightful Hallowe'en dance. Fancy costumes were worn in keeping with the spirit of the season. The rooms and supper table were arranged in various Hallowe'en symbols.

## Guests at Y.W.C.A.

Amongst those staying at the Y. W. C. A. are: Mrs. Coulter, of Hatley, Mrs. McIlwain, who recently been staying with her daughter in Nanaimo; Mrs. K. Edwards, Montreal; Mrs. A. Silby, and her three children, Niagara Falls, Ontario; and Mrs. G. Worthington, Perdue, Saskatchewan.

## Tea for Visitors

Miss Agnew, president, and the executive of the Women's Canadian Club, entertained Sir Henry and Lady Cowan at tea at the Empress Hotel yesterday afternoon, following the meeting of the club in the ballroom at which Lady Cowan was the chief speaker.

## Tea Hostesses

Among the several tea hostesses yesterday afternoon at the Empress, following the opening of the Legislature, were Lady Barnard, Mrs. MacInnes, Mrs. Walter Scott, Mrs. McNiven, Mrs. Jardine, Mrs. Herbert Leiser and Mrs. John Hart.

## Home to Vancouver

After spending the last two weeks in the city, the guest of her brother and sister-in-law, Mr. and Mrs. S. J. Sappin, Vancouver, street, Mrs. Mac Moore returned to her home in Vancouver on Sunday.

## H.B.C. Employees' Dance

The second of the monthly series of dances under the auspices of the Hudson's Bay Company's Employees' Association, will be held this evening at the Alexandra Hall, with Charlie Hunt's orchestra in attendance.

## From Ladner

Mr. and Mrs. A. McD. Paterson, of Ladner, B.C., are in the city and are the guests of Mrs. T. W. Paterson, Uplands. Mr. Paterson represents Delta riding in the Provincial Legislature.

## Macaulay Club Dance

The Macaulay Point Golf Club is holding its third annual dance on Friday, November 13, at the Alexandra Hall. The music will be played by Charlie Hunt's five-piece orchestra.

## Returns to Vancouver

Mrs. Harry Briggs returned to Vancouver yesterday afternoon after spending five days in the city the guest of Mrs. Minna Briggs, South Turner Street.

## From Gabriola Island

Mrs. Charles De Long, of South Gabriola Island, was a visitor to Victoria last week. While in Victoria she was a guest at the Strathcona Hotel.

## Delightful Pair

Mrs. J. Robson, 1128 Ormond Street, entertained at a delightful party on Saturday evening. The evening was spent in dancing and new and old Hallowe'en games.

## Visiting in Vancouver

Mrs. George Matthews, St. Lawrence Street, has gone to Vancouver for a visit to friends in the Terminal city.

## Returns to City

Mr. Harry Crane has returned to the city after spending a few days in Vancouver.

## At Home

Mr. Walter C. Nichol will be at home on Thursday afternoon at Government House.

## Your Birthday

November 3.—Cultivate cheerfulness, and learn to look before you leap. You will love with great strength, and will demand the same love from your mate. You will travel and make friends abroad. You are generous and kind, and take great pleasure in helping others or adding to their happiness. Your birth-stone is the topaz, which means fidelity. Your flower is the chrysanthemum. Your lucky color is grey.

## Single Tax Man Will Speak Here

Lecturer Will Address Public Meeting and Also Luncheon on Thursday

Mr. George H. Duncan, of Jaffrey, New Hampshire, lecturer of the Henry George Lecture Association of Chicago, will give an address on "Single Tax" in the K. of P. Hall tomorrow at 8 p.m. Rev. Dr. Davies will preside. The public is cordially invited. Mr. Duncan is a member of the House of Representatives of New Hampshire and is an able and forceful speaker and is speaking under the auspices of the City Temple Service Club.

Mr. Duncan will be the guest of the local Henry George Association at a luncheon at the Dominion Hotel on Thursday at 12:30 noon. Tickets may be obtained from any of the members.

## Weddings

### Ely-Unwin

A wedding of interest to many Victorians took place on October 22, in Oakland, Cal., when Miss Ada Unwin became the bride of Mr. H. H. Ely, both very well known in Victoria. Miss Beth Billing, of Oakland, Cal., acted as bridesmaid, and Mr. H. Bratley, formerly of Victoria, supported the groom. After a short honeymoon, Mr. and Mrs. Ely will make their home in Oakland.

## Women's Clubs and Societies

### Guild Holds Meeting

An enthusiastic meeting of the Women's Guild of St. Andrew's Presbyterian Church was held yesterday afternoon at the home of Mrs. G. H. Chisholm, 1853 Oak Bay Avenue. Mrs. J. B. McKilligan presided and the principal business of the afternoon was the arranging tentatively for the annual bazaar which is to be of an attractive character and will take the form of a winter garden, convened by Mrs. H. Puckley, and will be held in the lecture hall of the church, Saturday, December 5, at 3 o'clock. The decorations will be a special feature of the affair and there will be the usual tables of plain and fancy work, home cooking, candy and toys. Tea will be served and a fine programme of music is in contemplation. At the adjournment of the meeting the hostesses entertained the guests to a delightful tea and was cordially thanked for her kind hospitality. Mrs. W. L. Clay presided at the tea table, which was centred with a bowl of beautiful chrysanthemums and was assisted in serving by Mrs. J. Stewart and Mrs. R. L. Phillips.

### Y.W.C.A. Hallowe'en Party

At the successful Hallowe'en party held on Saturday night by the Y. W. C. A., Miss Elaine Finch won the first prize with her charming Eighteenth Century costume, while the second prize was awarded to Miss M. Whyte, who was disguised as "Radio." A prize was given Miss P. McPhail for having the highest score in the progressive games. The arrangements were made by the girls' house committee, comprising Miss Drayson, Miss Linsell, Miss Joyce and Miss Berry, and refreshments were served by Mrs. E. H. Mitchell, Mrs. H. H. Smith, Mrs. W. G. Crawford and Miss Smith. An attractive feature of the evening was the dancing on "England," being by the Misses Gladys and Gertrude Thorpe.

### Sale of Work

The annual sale of work of the Royal True Blues will take place November 14 at 120 Yates Street, Beverley Building. There will be various stalls, including: home cooking, plain sewing, fancy work and bran tub. Lunch will be served from 12 to 2 o'clock and afternoon tea will also be served. There will be many fancy articles suitable for Christmas presents, including an embroidered bedspread, purchased by one of the members. The proceeds, as in former years, go to provide Christmas cheer for the orphanage. The committee hope the public will patronize them on the above date.

## Fashion Fancies

By Marie Belmont

Brown crepe back satin, above, makes an unusually smart street frock for wear in the early fall. The model is marked about the lower edge and has pleated insets to give ample walking width. The high, turned-back collar and smartly flaring sleeves are finished with gold and colored embroideries worked on tan satin. The same type dress would be attractive in wool crepe of black or a bright color, with satin and embroidery for the trimming.

The joy a letter gives. The link that binds friendship. FRENCH ORGANDIE Writing Paper

## Traveler's Sample Sale of Fur-Trimmed Coats

This is an opportunity to purchase a High-Grade Coat for less money than you would be asked for one of the cheaper kind. In fact, we do not hesitate to say that these Coats are the best quality ever offered in Victoria at such greatly reduced prices.

## Do You Bake Your Own Bread?

Few people in the city do so, because cooking, like laundry work, is now a scientific process. Years ago baking day was the big day in the home and WASH DAY was another. The rapid advance made in methods of baking and washing renders it unnecessary and expensive to stick to the old way.

You know exactly what your washing costs when we do it, and you know that your clothes and your linen are not worn thin by rubbing.

## Tax Rebates Endorsed by City Council

Aldermanic Board Goes on Record as Favoring Tax and Water Concessions to Attract New Industries

As another step in the movement to attract new industries to Victoria, the City Council last night placed itself on record as favoring the granting of tax exemption and free water for five-year periods to industrialists seeking inducements to locate here.

The Council passed a resolution Alderman Marchant tendered in the following form: "That the City Council of 1925 places itself on record as in sympathy with the granting of exemption from taxation of land and improvements for a period of five years, of free water for a similar period, and of such rebates in the price of city-owned land as may appear expedient for the establishment of new industries, the terms and conditions of the foregoing to be submitted for approval to the taxpayers by a plebiscite; and further that the adoption of this resolution by succeeding Councils be recommended."

## Ross C. Watson Again on Trial For Bank Crime

Continued from Page 1

**Jury Gets Reprimand**

Following the impasse of the jury, and just as they took their seats in the jury box, an incident occurred which brought a strong rebuke from Mr. Justice Murphy. L. Williams was sitting three seats from the end of the box and his brother, Mr. Williams, as he was passing out of the courtroom, leaned over and spoke to the jurymen. Sheriff Travers to the stopped him as soon as possible, and His Lordship stated that it now became imperative on his part, if either counsel for Crown or defence wished to discharge the jury and impanel a new one. He said it was a very serious thing for anyone to speak to any jurymen while on duty.

At this point it was explained that the jurymen had simply been sending a message to his wife, and upon both counsel agreeing the case was allowed to proceed. Not before, however, His Lordship had stated that if any man or woman spoke to a jurymen while the case was in progress, he would fine that person \$500.

**Claims Watson the Man**

George Bonavia, clerk at the Metropolis Hotel, Victoria, swore that on the afternoon of December 11, two men had registered at the Metropolis, the first one signing "R. C. Jordan," and the second "R. C. Jordan." The first man had a Canadian \$10 bill and paid \$3.50 for a double room and bath. Asked if he saw the man calling himself Jordan in court, witness replied: "Yes, I do. He is the man known as Watson, the prisoner."

Witness was cross-examined at length regarding his identification of the prisoner. He told of being placed before a line-up of men at one time, when he had picked out Watson, and had said at the time he wouldn't swear he was the man, but he believed him to be.

"But today you swear he is the man?" asked Mr. Burns.

"Yes," was the answer.

"Can you conceive that you have made a mistake?" came the next question, and witness answered, "There is a possibility."

**Doesn't Think He's Mistaken**

"If there was a possibility of a mistake, why did you swear?" asked Mr. Burns, and the reply was, "I am sure he was at the Metropolis."

"Well, then," queried Mr. Burns, "do you want to withdraw the statement that there was a possibility of a mistake?"

"I withdraw my statement that there was a possibility of a mistake," answered witness.

Questioned further as to how he remembered accused as well, witness said he remembered when he was registering he at first thought he was smiling, but later noticed that his lips were in a set expression, which only gave the impression that he was smiling. This was the main reason for remembering him so well.

Arthur Lionel Neugeba, proprietor of the Victoria Auto Livery, swore as to the signature of a contract for rent of a car as being made by one "R. C. Jordan," who had come to the garage on December 11, and had taken a Durant car out to try out. He had signed the rental contract, and had paid a deposit for the car. Witness could not say whether or not he was Watson, the accused.

**Never Saw "Jordan" Again**

Andre Smith, a mechanic in the garage mentioned by previous witness, told of "Jordan's" bringing the car back on December 11 and saying he wanted it again next morning. He came and left a deposit for the car, after having signed a contract which witness identified in court. Witness had not seen Jordan to his knowledge since December 12.

Cross-examined, witness said he had formed a pretty good recollection of Jordan. "I do not think I ever saw Watson before the trial," he said. Asked if he thought Watson was the man who had hired the car, witness replied that he did not think so.

## Y.W.C.A. Is to Hold Sale

Preparations are progressing rapidly for the big sale of work to be held by the membership committee of the Y.W.C.A. Saturday, November 11, in the Beverly Block, 24 Yates Street. The sale will open at 10 a.m. and will be conducted under the sponsorship of Mrs. J. E. Watson. Due to the approach of the Christmas season, the customary fish pond will be replaced by a Christmas tree, beautifully decorated and laden with surprise packages. The tree will be cared for by Mrs. Anderson and Mrs. Brumpton. Mrs. E. Wootton and Miss Harvey will be in charge of the candy booth, the plain needles, work, and other necessities, and cloths will be the charge of Mrs. F. J. Norris; fancy work and novelties, of Mrs. J. C. Newbury, and home-cooking, of Miss Jasper. Afternoon tea will be served by Mrs. J. Scott and Mrs. Colbeck.

Milk which has turned slightly sour may be sweetened again by stirring a little baking soda into it.

## Lady Cowan Tells Big Meeting of Anti-Bolshevik Movement at Home

Addressing Women's Canadian Club at Empress, English Visitor Explains Activities of British Women's Patriotic League—Sir Henry Cowan Also Speaks

Some idea of the practical service which the British Women's Patriotic League is giving to the Empire at the present time in countering Bolshevik propaganda and promoting Empire trade, was explained yesterday afternoon by Lady Cowan, president of the organization, to a women's Canadian Club meeting, which filled the Empress ballroom. An unexpected pleasure was in store for the audience. Sir Henry Cowan, member of the British Parliament, and a delegate to the recent Interparliamentary Conference at Washington, at the invitation of the chairman, Miss Agnew, mounting the platform and giving a fifteen-minute talk at the conclusion of Lady Cowan's address.

The point of the afternoon, Mrs. Georgina Watt, sang very charmingly, and another pleasing little incident was the presentation to the re-elected secretary, Mrs. Fletcher, and treasurer, Mrs. Bradshaw, of corsage bouquets in recognition of their splendid services in office during the past year.

## Women's Function

"It is to women that we look for the conservation of the spiritual values," said Lady Cowan at one point, "just as it is to the British Empire that we look for the nations for the conservation of all that is best."

She recited the activities of the British Women's Patriotic League, founded after the war with a view to carrying on and utilizing the fine sentiment of service which sprang up among the women when the nation was welded together in the great common cause, they had set about neutralizing the insidious propaganda of the Communists and Bolsheviks. Special reference was made to the so-called "Sunday schools" which these organizations had opened for the teaching of doctrines "alien to the principles of the country, aimed at the corruption of our youth, and instructing our children to be rebels and atheists."

To meet this vicious propaganda the British Women's Patriotic League organized itself into groups, the members of which visited the homes of the poor people and talked to the mothers.

"People were misled by the name 'Sunday school,' not realizing that this 'Sunday school' was the home of 'irreligion,'" recounted Lady Cowan, who proceeded to tell about the various bribes which the Bolsheviks used to induce the children to attend these classes. It was found, during the course of the house-to-house canvass, that the mothers, glad to be freed from the nervous wear and tear of their children for a few hours, had never troubled to investigate the nature of the "Sunday schools" to which their children were going. Once informed of the vicious

nature of the teaching, their little ones were receiving, the mothers immediately refused to let them attend the schools any more, and automatically many of these secretly-operating classes were closed.

**Empire Trade**

The British Women's Patriotic League had another great object, the stimulation of Empire trade. The speaker told about the organization of Empire week, when the shopkeepers of London and other cities of Great Britain display only Empire-made goods. In its inception, only window displays were things were labelled, but many of the larger stores last May (Empire week is the week of May 24), carried the labelling into every department on every floor.

"Many of our people did not know before how wonderfully self-contained the British Empire is, and the results of Empire shopping week not only have proved that women prefer to buy British Empire-made goods, but the movement has proved one of the best possible lessons in geography," said the speaker.

Chambers of Commerce in all parts of Great Britain have been appealed to with a view to getting the retailers to promote the idea. There had been opposition in some quarters. One big storekeeper had protested that he could not afford to waste a whole week's business for the sake of sentiment, but, finally induced to try the experiment, he had subsequently written the League to the effect that he had experienced the biggest turnover in the history of his business. Sir Henry Cowan, who was only store in Canada, which had undertaken celebration of Empire shopping week to date, but next year was hoped that the stores all over the Dominion would take it up. After her own tour across the Dominion she was more enthusiastic than ever about advertising certain Canadian commodities, particularly, after a visit to Cowichan Bay on Sunday, British Columbia salmon, which she had seen jumping out of the water in their dozens.

"I believe the women of the Empire can literally transform the trade of the Empire. They are the great shoppers, and why should they not in peace keep up the splendid co-operation which they manifested during the war and not only keep our Empire green, but help to make it greater," said Lady Cowan in conclusion.

**External Vigilance**

"We must practice eternal vigilance," said Sir Henry Cowan in the course of the short address which he gave, in which he re-emphasized what Lady Cowan had already said about the Communists and Bolsheviks and their insidious paths. Canada must not be too confident about the absence of the Bolshevik agents. Let them guard their integrity and see that their children were brought up loyal and patriotic Canadians. This speaker, in the opening of his talk, said that the Canadian women had impressed him as highly intelligent and greatly interested in Empire politics, but rather too modest. Why did they not come out more into the open in politics? Certain questions in politics were of much more interest to women than to men; peace, for instance. Women were the greatest sufferers in war.

## DOCTOR ADVISED AN OPERATION

Read Alberta Woman's Experience With Lydia E. Pinkham's Vegetable Compound

Provost, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now I have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend your Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. A. Adams, Box 54, Provost, Alberta.

**Pains in Left Side**

Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also saw Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and am willing for you to use my letter as a testimonial."—Mrs. M. W. Ross, 880 Notre Dame St., Lachine, Quebec.

## Don't Worry about Gray Hair

This Clean, Colorless Liquid Will Restore the Original Shade

Thousands of people have quickly banished grayness and have restored the original shade to their hair with the remarkable preparation known as Kolor-Bak.

Physicians and scientists know that gray hair is hair that has ceased to receive its normal supply of coloring matter or pigment from certain tiny cells in the scalp because these cells have become inactive. No matter what the cause, it is amazing to see how the grayness disappears when Kolor-Bak is used. It is the best known substitute for the natural pigmentation. It also banishes dandruff and stops itching of the scalp and falling hair. If you are gray, Kolor-Bak is all you need to make your hair look "young" again. No need to furnish a sample of your hair—no tests to make—as this one clean, colorless liquid is effective on any gray hair. Money back instantly if Kolor-Bak is not satisfactory.

# NEWS OF THE SPORTING WORLD

## Carpet Bowling Opens Tonight

Burnside Clubroom Will Provide Accommodation for Different Organizations

The Burnside Carpet Bowling Club opens its season this evening at 8 o'clock in its new premises on the corner of Harriet and Burnside Road. While the supply of carpet bowling equipment in Victoria is not equal to the demand the Burnside Club room will be occupied each evening by a different organization.

Burnside will play on Tuesdays, St. John's Men's Club on Wednesdays, Saanich Club every Friday.

Other teams in Esquimalt and Victoria are negotiating for use of the carpet on the remaining evenings of the week.

Gentlemen desiring to join any of these clubs are invited to do so at once, as the membership on any evening is limited.

Visitors interested in watching the game are welcome any evening, playing hours being 8 till 10 o'clock.

## An Unbeaten Record

The appended poem on the last match played in England by the All Black football team is from the pen of the Hon. W. Pember Reeves. It is entitled "The Last of the Twenty-Eight," and is published in The Christ's College Register, New Zealand. Mr. Reeves is an old boy of Christ's College, and an ex-football player.

Thirty-five years on the march have swung

Since I could try to play,

Yet one old fellow today grows young.

I was a boy today.

Shouting at scrummages stark and stern,

Cheering the triumph great

Of the slinky sons of the Silver Fern

In the last of the Twenty-Eight.

Seven and twenty victories won!

Week upon week came tales

Of Ireland beaten, the North O'errun,

Victories four in Wales.

Braving the music of Swansea's song

They had settled the envious debt,

And stare thrice nine in a shining throng.

Wanted but one star yet.

Nothing else mattered at all we thought,

Talk of the past grew tame.

Conquered provinces counted nought

In face of that last grim game.

Twenty-seven, with that not won,

Left Victory's crown to fate.

And All-but-One! appeared almost none.

In the pause before Twenty-Eight,

They had known bad moments:

The coolest "Black"

Feels a quiver, felt—gone again—

When an Irish pack with a gleam at its back.

Come rushing in Irish rain.

When Oxford fliers, whose feet have wings,

Prove slippery triers bold,

Or Cambridge Blues, when the wet mud clings,

And desperate leads to hold.

"Two a bath of misery, all allow,

When the hurricane loosed its breath.

And the storm above and the slime below

Were mingled on black Blackheath;

But the tightest corner of corners

Light.

Came after the word of fate

Left fourteen fighting a fifteen's fight

In the tussle for Twenty-Eight.

Kia Toi! young forwards lead!

Now let the Fern Leaf shine!

Flight and fell not—until you fall

Over the English line.

Kia Toi! New Zealand! see

Nepa guards the gate,

A rock and house of defence is he.

A line tangas great.

Swift as a swallow's darting flight

Swimming along in air.

So flew the feet of our runners light,

Rebounding and averting there.

With flesh and flicker and flash again,

Shooting a quick, short pass.

They rush, out-raiding the chasing men

Over the trampled grass.

## A Fine Card

J. S. Hargrave, playing on the ideal and a large crowd witnessed the match on Sunday, made a 71 in a four-ball match with Phil Taylor, E. A. Burton and C. G. Coville. This is the best score made by an amateur since the course was changed a few months ago. The card was as follows:

Out ... 543 544 432—35

In ... 446 243 454—36—71

## Ladysmith Win By Two to One

Veterans of Victoria Defeated in Up-Island Soccer Game for McDonald Trophy

LADYSMITH, Nov. 2.—The weather ideal and a large crowd witnessed the soccer game on the Ladysmith Athletic Ground on Sunday afternoon when Ladysmith Senior League team defeated the Veterans of Victoria in the McDonald Trophy match with a score of two goals to one.

A few minutes later Orr added a goal to the credit of the boys in red and white after a fast run and a clever pass by Davis.

With only ten minutes to spare Clark made a brilliant play and scored for the Vets. There were several changes made in the positions of the home team and the combination work was not as strong as in some of the games played recently.

Davis played good ball without much support. Wargo showed good play at fullback; Refter and Strang were fast and clever in their passing; Tait played a good game in goal for the red and white. The Vets played a good combination game. Clark was very fast at centre forward and Campbell as fullback often saved the situation.

McGinnis acted as referee, line-up for the Vets goal, Referees: halfbacks, Horne, McCole, Preaton, forwards, Meryfield and Cameron; centre forward, Clark; wings, Clark and Smith; fullbacks, Campbell and Edwards.

## Dangerous Will Race at Tijuana In Big Handicap

Catalan Will Be Bedford Farm Stable's Other Candidate for the Rich Stakes of Coffroth Handicap

Waldemar Also Good One

BALTIMORE, Nov. 2.—Dangerous and the two-year-old Waldemar, which Snapper Garrison, acting for the Bedford Farm stable, of which he is manager, bought from Gifford A. Cochran the other day, are to be shipped to Tijuana in the course of the next fortnight for the 120 days' racing of the Tijuana Jockey Club that will begin Thanksgiving.

Former State Senator William Cooper, of Long Island, a heavy real estate operator about New York, is the main partner of the Bedford Farm stable corporation. With Dangerous and Waldemar, the four-year-olds Lauro and Catalan and the two and three-year-olds Byway, Tiger, Glove, Rubenstien, Zerk, Rockshell, Zelka and Raze Grit will journey to the Pacific Coast.

Coffroth Candidate Dangerous and Catalan will be the Bedford Farm's candidates for the next Coffroth Handicap, which will be run on the last Sunday of March, 1926, with an added money value of \$65,000 and a gross of about \$15,000. A gallop of one mile and a quarter, which Dangerous will probably be the richest race for three-year-olds and over run anywhere in the world in 1926.

Dangerous and Waldemar are recruits from the stable which sent out to Tijuana last fall a destined Cup winner in Sunper and a formidable Coffroth candidate in Spic and Span.

Dangerous was one of four sons of Negrol for which Cochran paid Edward P. Simms \$125,000 at the Saratoga yearling sales of 1923. One of the others was Coventry, which won the last Prekness. Another was Battledore.

Dangerous was one of the stoutest three-year-olds of last season's racing about New York. He was slow finding his racing legs, but he finished second in the American flag in the city, seventh, Belmont, beating Swope, by himself, Marconi, Prince of Bourbon; second to Silver Fox in the Broadway at Aqueduct; and second to American flag in the Dwyer, beating Silver Fox.

At Saratoga in August he liked Swope, Silver Fox, Marconi, Cloudbank, Stirrup Cup and By himself in the \$15,000 Travers, galloping one mile and a quarter in 2:10 4-5, over a heavy track. Dangerous is a powerful distanced runner. He has not been campaigned here this season and should, after a let-up of several weeks, show some fancy stuff.

Possibly he is the next Tijuana Cup winner.

Bred by Belmont Catalan, a son of Fair Play and Celipa, was bred by the late August Belmont at the Nursery Stud of Fayette county, Kentucky. He earned \$15,000 under Garrison's management in Canada in 1924 and proved himself a brisk distance runner. He won six races this season and finished second or third in five others. Catalan is fast enough for sprint, Lauro won the Metropolitan Handicap of 1924 for Clendenen Ryan.

Waldemar, a son of his Majesty and Livonia, and a half-brother of the Finn, is the smartest of the Bedford Farm stable's coming three-year-olds. William Duke did not hesitate to get him the post in the Spring or Summer. He has started only once and is comparatively green. Cochran bred Waldemar at the Runnymede Farm in Washington county, New York, where he bred Spic and Span. Hay, a gelding by Sir Martin, won at Belmont Park in 1924.

## Lewis Feecey Cup Handicap Starts at Uplands on Sunday

The first thirty-six holes of the annual handicap competition for the Lewis Feecey Cup will be played at the Uplands golf course next Sunday. Full handicap will be allowed in the first round and sixteen will qualify. On the following Sunday match play will start, the contestants being allowed three-quarters of their full handicap. On November 22 the semi-final will be held with the final taking place over thirty-six holes on the 29th. The entrance fee will be fifty cents and entries must be in the hands of the secretary not later than 5 o'clock next Thursday.

## Peterson Wins Medal

DUNCAN, Nov. 2.—A. H. Peterson won the men's monthly medal competition played over the Cowichan golf links here yesterday with a net score of sixty-eight. G. G. Sharr and G. R. Griesel tied for second place with a net score of seventy-three. The following shows the results:

Gross Hcp. Net	Score
A. H. Peterson	80 12 68
G. R. Griesel	94 15 79
G. G. Sharr	94 20

Men! To-morrow morning~  
try this after Shave delight

Just a dash of ED. PINAUD Lilac Vegetal Toilet Water on your face after the shave—a flood of delicious coolness that leaves the skin, tingling, refreshed and smooth as velvet. The whispering fragrance of fresh lilacs that remains is acceptable to even the most mannish man.

Get a bottle—today, at your druggist's. Be sure it's the original "ED. PINAUD." For 140 years the leading makers of Toilet Preparations for particular men and women—\$1.00 a bottle.

Send 5 cents (stamps or coin) for general sample of any one of the following: Eau de Quinine Hair Tonic, Lilac Vegetal Toilet Water, Shampoo, Bath Salts, etc.

PARFUMERIE ED. PINAUD

**Cabinet Designs in Sets**  
Gaining in Popularity

Women's influence on the design of radio sets is more noticeable this season than ever before, say radio authorities.

The tendency in the newer sets is to build cabinets large enough to contain the batteries and to create cabinet designs which will harmonize with the home surroundings.

**Special Sale**

BOYS' TWO-PIECE SUITS  
Sizes 26 to 35

Between Yates and Johnson

Radio set builders say that the movement toward self-contained sets can be directly traced to the influence of women buyers.

Many men like to tinker with their sets and make minor changes in an experimental way, but their wives usually object to the disorder.

The transition from open panels to the cabinet type of receiver was a rapid one, but it was not until last year that the first movement toward the self-contained type of receiver was noticed.

Nearly 1,000 tons of cheese were produced in Greece during the last year.

Cell windows are now made to open, admitting fresh air and better light to the prisoners.

## Bill Johnson Is Mexican Champ

Defeats Howard Kinsey in Men's Tennis Finals—Miss Ryan Wins Women's Title

MEXICO CITY, Nov. 2.—Wm. T. Johnson today won the men's singles championship of Mexico when he defeated Howard Kinsey in the final round of the national tennis championships 6-2, 6-0 and 6-4.

Miss Elizabeth Ryan, of California, today won the women's singles tennis championship of Mexico.

Miss Ryan, playing brilliantly, defeated Mrs. Molla Mallory, 6-3, 6-2, 6-2.

In the men's semi-finals Howard Kinsey defeated Harvey Snodgrass, 6-1, 6-2, 7-5.

The championship in the women's doubles went to Miss Elizabeth Ryan and Miss Mary K. Browne, of California, who defeated Mrs. Mallory and Miss Marion Williams in the final, 6-4, 6-1.

**Seals-Colonel Series No Financial Success**

SAN FRANCISCO, Nov. 2.—The nine-game series between the Los Angeles club of the American Association and the San Francisco club of the Pacific Coast Baseball League, which was completed Friday, drew 33,449 spectators and grossed a total of \$22,667. The San Francisco club won the series, but the attendance and receipts were so unsatisfactory that the San Francisco management announced that it would never again engage in such a series.

**Jockey Rides Four Winners in Row**

LAUREL, Md., Nov. 2.—Johnny Malben's feat of riding four straight winners at Laurel today was equaled here Saturday by Jockey Jimmy Wallace, who won the first four races with Brush By, Woodlake, Pikros and Lieutenant II. A \$2 parlay on the four would have paid over \$5,000. Wallace's performance was considered more impressive than Malben's because Pikros and Lieutenant II were rank outsiders in the betting.

**Captain John Hewison Relates Story of Tug Disaster at Inquiry**

Continued from Page 1

The Emdyk—"and the light swept out to where the men were in the water, and a great many were saved this way," Captain Hewison said.

In addition to the two boats put out by the Salvage Queen, Captain Hewison believed that the Emdyk's lifeboat on the port poop deck was lowered, while the starboard poop deck boat was already resting in the water, with the davit lines still fastened to prevent her from being swept away by the rip.

Captain Hewison explained he had difficulty in getting alongside the Emdyk with the Salvage Queen. On one occasion he had to make three attempts, he also explained, and Captain Forrest took the only course open for him, as the tug Hope could not have turned inside the bay and come alongside the Salvage Queen from the opposite direction, owing to a big patch of kelp and the fact that there was not room enough for a vessel to turn round within the bay. To approach the Salvage Queen from the seaward direction would have meant that the vessel might have fallen foul of the wire anchor chain running out from the Emdyk.

Only One Course Open  
There was only one course which could be taken, Captain Hewison said, adding, "I would have done the same. There was only one way."

Captain Hewison, when interrogated by Mr. Cameron, counsel for the Association of Transport Workers, admitted that it was a very dangerous thing to do.

In answering certain questions put by Captain Macpherson, Captain Hewison said that Captain Forrest was quite justified in making the trip, as there was no way in which to know beforehand just what the tide would be like. He also explained it was absolutely essential to work both day and night owing to the dangerous position in which the Emdyk was placed.

Captain Bennett, chief officer of the Salvage Queen, then took the stand. He said he had not noticed the Hope until she was within a very short distance of the Salvage Queen, and shortly before the impact. He carried out Captain Hewison's command and ordered all men on deck and then boarded the Salvage Queen to lower a boat. Two men manned the work boat already in the water, while another was lowered.

**Lifeboat Plug Missing**

When asked if he knew that one of the morning witnesses had said that one of the anchors was in it "up to his knee," Captain Bennett said he had put the plug in the boat before she was lowered, but when the boat came back there was water in it and the plug was gone. It was his opinion that the plug had been kicked out by one of the men in the excitement of the rescue.

The inquiry then adjourned until 10:30 o'clock this morning.

**Morning Session**

At the morning session Captain Fred. Forrest of the tug Hope said that the trip on the night of October 17 was his second trip in the tug Hope and that he had never been on board the vessel before. It was one and a half hours before the water when the tug Hope approached the Salvage Queen. Captain Forrest knew of only one line out from the Emdyk's stern. It was this line that prevented him from approaching the Salvage Queen against the tide.

When asked to what he attributed the sinking of the tug, he answered "to the tide and the cable."

Both Chief Officer Wilfred Prudhomme and Captain Forrest of the Hope testified that no damage was done to the tug's bow by the impact with the Salvage Queen and that she had sunk only after keeling over from the impact with the Emdyk's counter and the wire hawser.

All witnesses agreed that the accident happened too quickly to attempt to launch lifeboats from the tug Hope and that, the scene of the mishap was well lighted, thus aiding the rescuers.

**Three Line Aboard**  
Mr. Wilfred Prudhomme said he

## Total Majorities by Provinces

TORONTO, Nov. 2.—By provinces and parties the total majorities cast in the electoral divisions reporting to date are approximately as follows:

Provinces	Lib.	Con.	Prog.	Lab.	Ind.
P.E.I.	2,098	329			
New Brunswick	736	30,225			
Nova Scotia	1,096	34,247			
Quebec	153,517	10,009			4,528
Ontario	11,109	212,195	1,949		
Manitoba	1,900	8,800	4,200	2,114	
Saskatchewan	18,390		4,480		
Alberta	4,600	8,191	5,800		
British Columbia	1,910	14,502		2,330	
Yukon		406			

Totals 195,356 318,904 16,429 2,114 6,858

The junior seat in Queens, P.E.I., where the result is still regarded as doubtful, is not included in the foregoing.

was up forward when the tug collided and that the ship's cook had thrown a line aboard the Salvage Queen.

Captain Bennett, in the afternoon session, explained that he had run along the deck to get to the rope. It was within four feet of his grasp when it fell overboard and he yelled to the man to throw it again. By the time it was hauled in and ready to throw the tug had drifted out of distance.

Captain Forrest said that the tug's engines were going astern at the time Captain Hewison yelled out to him to go astern. Finding this command he rang full speed astern, but the tide had the boat in its grip and the Hope collided with the Salvage Queen.

**Premier King Awaits Final Poll Returns**

Continued from Page 1

held generally was that the decision would be to continue and meet Parliament. Those present at the meeting declined to discuss the matter, as Mr. King had made no statement.

No meeting of the Cabinet has been called for tomorrow.

**Minister Silent**

OTTAWA, Nov. 2.—Hon. George P. Graham, Minister of Railways and Canals, was uncommunicative tonight when informed that newspaper dispatches forecast his early retirement from political life.

"I have nothing to say about anything," Mr. Graham said, with reference not only to his rumored retirement, but also to the result of today's Cabinet meeting.

**Present Standing**

TORONTO, Nov. 2.—With only Queens, P.E.I., and Provancher, Manitoba, left in the doubtful column at 9 o'clock tonight, the Canadian Press reported the following party standings by provinces:

Lib.	C.	P.	Lab.	Ind.	T.
New Brunswick	2	0	0	0	1
Nova Scotia	1	0	0	0	1
Quebec	68	11	0	0	14
Ontario	11	69	2	0	12
Manitoba	1	1	0	0	1
Saskatchewan	15	0	0	0	21
Alberta	4	0	0	0	7
British Columbia	2	10	0	1	14
Yukon	0	1	0	0	1

Totals 195,356 318,904 16,429 2,114 6,858

The foregoing summary places the Peace River in the Conservative column, as latest returns from that riding indicate the election of Collins, Conservative, over Rae, Liberal, and Kennedy, Progressive. It also, as heretofore, places Nipissing, Ont., in the Conservative column, although some doubt has been raised tonight as to whether John Ferguson, Conservative, has a majority over Lapierre, Liberal. An official recount at North Bay tomorrow will decide the election.

The two constituencies in the doubtful column are Queens, P.E.I., reports from which place are still conflicting, and Provancher, Manitoba, where a recount has been ordered.

**Provancher Confused**

WINNIPEG, Nov. 2.—The situation in the constituency of Provancher, Manitoba, which has apparently been clarified by a recheck of returns from the various polls, underwent another rapid change today. The recheck showed the election of L. Beaulieu, Progressive, by a margin of one vote.

Today Arthur Herbert, returning officer for the constituency, completed the count of the returns and announced that an additional two votes had been found in the returns from the polls at Sandyland and that the constituency was now by one vote apparently elected by one vote.

The result has been to place the constituency definitely in the doubtful column until after a recount, which has been ordered for November 9.

The standing of the parties in Manitoba so far as can be known until after the recount is: Conservatives, seven; Progressives, six; Liberals, one; Labor, two; in doubt, one.

**Scots Offered Premier**

EDMONTON, Nov. 2.—Stanley G. Tobin, Federal Liberal member-elect for Wetaskiwin riding, has telegraphed to Premier King, defeated in the riding of North York in the general election, offering the Prime Minister his seat.

In event the Prime Minister is unable to accept the offer, Mr. Tobin offers to resign in favor of Hon. G. P. Graham, former Minister of Railways.

Mr. Tobin's telegram assures the seven Progressives, who are gentlemen by acclamation.

MONTREAL, Nov. 2.—Lawrence A. Wilson, Liberal member-elect for

Vaudreuil-Boulangers, has notified Premier King of his willingness to vacate his newly-won seat in favor of the Prime Minister. In a letter to Mr. King, Mr. Wilson recalls that Boulangers County was once represented by Sir Wilfrid Laurier. He assures the Premier that it would be no "privilege" for him to turn over his mandate to Mr. King.

Mr. Wilson's is the second offer from Quebec. The first came from Major C. G. Power, who was returned for Quebec South.

**Conservative Leads in Re-count**

CHARLOTTETOWN, P.E.I., Nov. 2.—With the returns forwarded to the candidates by the officials of ninety of Queens' 103 polls, rechecked, J. Meserve, Conservative, today was leading Hon. J. E. Sinclair, Minister without portfolio, by eighteen votes.

In all, twenty-nine errors have been uncovered to date in the figures furnished to the telephone company election night. Discrepancies have also developed in the figures furnished the various candidates by the same deputy returning officers. A careful rechecking of the figures furnished to the telephone company established a tie between Sinclair and Meserve for the second seat. The result will not be finally determined before declaration, November 19.

REGINA, Nov. 2.—Latest returns from Qu'Appelle show: 114 polls out of 117. Lynd, Conservative, 4,434; Miller, Progressive, 5,191.

In Mackenzie, with twenty-four polls yet to come out of 113, Campbell, Progressive, has polled 3,319 votes to 3,345 for McKillop, Liberal. This seat is now considered safe for the Progressive candidate, and the last doubtful one in Saskatchewan is thus removed.

EDMONTON, Nov. 2.—Latest standing in Peace River: 165 out of 230; Collins, Conservative, 3,394; Rae, Liberal, 2,110; Kennedy, Progressive, 2,782.

SHERBROOKE, Que., Nov. 2.—Charles B. Howard, newly elected Liberal member for Sherbrooke, has indicated his willingness to open the local constituency for the Hon. Mackenzie King. The local Liberal executive has approved of this move and forwarded a resolution to Premier King to the effect:

**Winnipeg Vote**  
WINNIPEG, Nov. 2.—The total vote cast in Manitoba in the Federal elections last Thursday was approximately 172,415. The approximate vote by parties was: Conservatives, 68,310; Liberals, 36,254; Progressives, 33,473; Labor, 19,370. Eighty-six per cent of the total possible vote was cast in Winnipeg. The total vote cast in the four city constituencies was 69,819, divided as follows: Conservatives, 26,876; Liberals, 17,759; Labor, 14,434.

**Beer Drinking In This Province Is on Increase**

Consumption of Stronger Stimulants Shows Reduction in Report of Government Liquor Commission

**Larger Profits Are Made**

While beer goes down in British Columbia, consumption goes up, and while consumption of beer goes up, the consumption of hard liquor goes down, according to a report of the Government Liquor Commission filed with the Legislature yesterday afternoon.

The situation, the report explains, is due to the increased sale of beer in beer-by-the-glass parlors, which, evidently, has weaned many former consumers of "hard stuff" away from that type of beverage. During the five months of the current year, from the opening of the beer parlors to August 31, hard liquor sales totalled only 51.9 per cent of the total sales, compared to 64.4 per cent during the same five months in 1924. The report shows that wine was included with liquor in the calculation made.

From April 1 to August 31, 1924, the hard liquor sale in the province amounted to \$2,156,150, but during the same period this year the total fell to \$2,952,101.

**Profits Show Increase**

The Attorney-General presented the report of the Liquor Control Board for the year ending March 31, 1925, and also a balance sheet for the six months ending September 30, 1925, just completed a day or two ago.

Profits and net sales show increase, and cost of law enforcement show reductions.

Net sales for the six months ending September 30, 1925, were \$1,491,324, as against \$5,644,089 for the preceding half year and \$5,746,581 for the six months preceding that again.

Profits for the last six months were \$1,531,345, as against \$1,491,721 for the half year ending March 31, and \$1,379,346 for the six months previous to that.

**Stocks Reduced**  
Credit is ascribed to Commissioner Hugh Davidson for improved merchandising methods as reflected in substantial reductions in stock in hand and administration costs.

Stock on hand has been reduced from \$3,211,677 at September 30, 1924, to \$1,645,714 on September 30 last.

Operating and administration costs have been reduced during the last half year period in the amounts indicated by the following figures: Six months

**They stand YANKING!**

Many men have little patience in putting a collar on or taking it off.

They jam it on over the stud. They YANK it off at night.

The result, with ordinary collars, is torn and broken buttonholes.

But not so with Tooke Starched Collars. The

**KABLE KORD**

Guaranteed Unbreakable

**BUTTONHOLES**

stand any amount of yanking, pulling, jamming or other rough usage.

A KABLE KORD of thick stout linen goes around the buttonholes, under the stitching, and makes these buttonholes unbreakable. They'll stand a strain of more than twenty-five pounds without damage.

Your dealer is authorized to give you a new collar if any KABLE KORD Buttonhole breaks.

And here's another feature: You can slip on and take off KABLE KORD Buttonholes easier, yet they hold the collar firmly in position.

KABLE KORDS make your collars last longer, fit better and save you annoyance. They'll make you a booster for

**Bill Affecting****Accident Liability****Given First Reading**

Considerable importance attaches to the bill introduced in the Legislature yesterday afternoon affecting liability in accidents where negligence is involved. The bill seeks to eliminate the old common law rule that where an injured party claims damages his claim is completely wiped out if it is successfully demonstrated that there was contributory negligence on the part of the claimant, and in place thereof substitutes the old principle of marine law which holds that injury, damage and loss shall exist to the extent of fault that may be found

on both sides. Equal fault would mean that each party would become liable for half the damage.  
The bill is a product of the labors of the Uniformity of Law Commission and has already been adopted in several provinces of the Dominion. It was given its first reading yesterday.

**Canada's Next Governor**

LONDON, Nov. 2.—A report in the Sunday Express that Lord Peel would probably be the next Governor-General of Canada in succession to Lord Hymc, is emphatically denied by Lord Peel. "I have not heard a word about it," his lordship says. "It is entirely incorrect."

**At the Playhouses****"The Lost World"**

On Capitol Screen

Film Shows Prehistoric Animals and Tells Story of Great Heart Interest

Every once in a while the critics rise and give vent to much cheering and hat throwing, and each time the picture is "by far the finest that has ever been produced." "It is stupendous," "It marks a decided advance in motion pictures," "It is simply inconceivable that such a marvelous picture could have been produced," thus the papers run. It is with reluctance, therefore, one comments too enthusiastically about "The Lost World." Waterson R. Rothacker's picture of the story by Sir Arthur Conan Doyle, which was shown yesterday at the Capitol Theatre. Many men and women there are, and not all reformers, who stand for "educational" films. Others want romance. And still others, men for the most part, want adventure. In "The Lost World" those three elements have been blended to make a most absorbing, thrilling and stimulating picture.

The cast is splendid. Beanie Love plays the part of the girl, the daughter of the American explorer, who accompanies a party to search for her father. Wallace Beery is the convincing scientist, Lewis Stone the hunter of big game, Lloyd Hughes the reporter, and Arthur Hoyt the professor. No better acting could be asked than that they bring to their parts.

**Pathos and Comedy Combined in Film**

"The Gold Rush," Showing at Dominion, Compels Tears and Laughter

It has been said that to combine comedy and pathos in a film production and not destroy the illusions of the audience requires a truly great artist.

In "The Gold Rush," his great comedy-drama of Alaska in ten parts, now showing at the Dominion Theatre, Charlie Chaplin seeks the sympathies in the role of a weakling prospector, a hard luck "sourdo" in the Alaskan wilderness.

One of the most touching scenes is where Chaplin prepares what to him is a banquet, but really is a pitiful attempt at an elaborate dinner, to entertain Georgia, the dance hall girl, and her friends.

His guests fail to arrive, and it gradually dawns on him that they do not intend to come and that he is the victim of a ghastly joke.

"The Gold Rush" is showing under a United Artists Corporation release.

**"Artists Should Never Retire"**

MME. ANNA PAVLOVA

The famous dancer, declares that artists should never retire, and she herself has no intention of abandoning dancing, despite reports to the contrary. After a season in England she plans to go to France and then make a tour of Australia and South Africa.

"It has long been my opinion that an artist should never give up," Mme. Pavlova says.

PLAYHOUSE: Charles Ascott, well known animal impersonator, appears as the symbolic white monkey in the Sawyer-Lubin production of John Galsworthy's "The White Monkey," a First National picture starring Barbara La Marr at the Playhouse Theatre. Ascott has impersonated dogs, prehistoric animals, mules, rats, bears, crocodiles and many other creatures. But, he says, he'd rather be a monkey than any other kind of animal because it is the cleverest of all.

COLUMBIA "Wild Justice" opened theatre at the Columbia Theatre last night for a three days' run. It completely captivated a record first night audience, with every indication that it will set new box office figures before the end of the run. Peter the Great ably carries away the honors. In "Wild Justice" he performs feats of athletic prowess that are well nigh miraculous, and frequently displays almost human understanding. It is essential.

Mace's prices on printed-in-Victoria personal Christmas cards include no commissions for canvassers. Visit their store, View Street, and see how you benefit by this in price, quality and selection.

**AMUSEMENTS**

The Screen

It is a dog story, and as such will delight all the myriads who love dogs, and are the recipients of their friendship.

**Clever Comedian in The Originals Playing At Royal Thursday**

The ovation accorded Bob Anderson every time he appears in Victoria with the "Originals" has seldom, if ever, been exceeded by any comedian appearing here in recent years. When he returns in the latest revue, "Thumbs Up," on Thursday, Friday and Saturday, November 5, 6, 7, with special Saturday matinee, at the Royal Victoria Theatre, Canada's greatest comedian will launch a new line of song hits that will keep the town humming and laughing for months. Among his latest gems will be "The Typist Warned Me" and "Work." And another of those side-splitting dance numbers, the kind that Bob excels in, that simply make the audience cry with laughter.

**Film Actors Speak Their Parts by Radio**

Experiment Which May Bring Voices Before Motion Picture Audiences

LOS ANGELES, Nov. 2.—Audience in a group of theatres may soon watch a long film story and hear the actors speak appropriate lines as the result of a radio experiment demonstrated in fourteen houses here and in nearby cities.

Actors in the experiment gathered at the reception room of a local radio broadcasting station. In an adjoining room separated from them by a glass partition was a projecting machine with a copy of the film shown at the theatres. The machine shoots its rays through the glass partition on to a screen tacked on the wall of the room in which the players stood. The actors as they spoke their lines over a radio microphone could see the play unfolded before their eyes—but more important they could see their cues which were carefully titled on the film at frequent

**Symphony Conductor Will Visit Canada**

ROASSEVITSKY

New conductor of the Boston Symphony, the newest rival of Siskowski on this continent, will shortly give Canadian audiences an opportunity of comparing his technique with that of the Philadelphia wizard.

**Benefit Concert Attracts Crowds**

Sum of \$389 Collected at Coliseum Theatre Sunday for Dependents of Hope Victims

The sum of \$389 was collected at the Navy League benefit concert, given Sunday evening at the Coliseum Theatre, on behalf of the dependents of the victims of the Hope disaster of a fortnight ago. Public sympathy has been greatly aroused by the melancholy catastrophe, and hundreds were unable to gain admission to the theatre owing to the big crowd. Their donations, however, were not lost, as the collection plates were passed among the people outside as well as inside the hall. Dr. Clem Davies acted as chairman, and made an appeal to the audience before the collection plates were passed round.

His Honor, Lieutenant-Governor Walter C. Nichol, and the Hon. Dr. S. P. Tolmie and Mrs. Tolmie gave the concert their personal patronage. The programme was arranged by Mrs. S. W. Raven, Mr. R. R. Webb and Mr. P. A. Rayner, secretary of the Victoria Branch of the Navy League of Canada.

The orchestra numbers, under the direction of Mr. William F. Tickle, and the Boys' Naval Brigade Band selections, under the direction of Bandmaster Arthur Hodgins, were also greatly enjoyed, the several members of these organizations, like the soloists, giving their services free. The orchestral instrumentalists were Messrs. Prescott, Cartwright and H. Wood, violins; Harold Taylor, cello; Ball, double bass; W. Easton, clarinet; W. North, cornet; C. Raine, trombone; D. L. Piggett, timpani, and M. More, piano.

Among others whom the committee wish to thank heartily for generous co-operation and assistance with the benefit recital, are the Coliseum Theatre management, for the use of the theatre; the stage hands and janitor; the B.C. Electric, for light; Fletcher Bros., for grand piano; the Quality Press and Victoria Printing & Publishing Company, The Colonist and The Times and Brown's Nurseries.

In connection with the recital, Mr. Hayner, honorary secretary of the Victoria Navy League, has asked The Colonist "to thank everyone who so kindly gave their time and talent towards making the benefit concert, in aid of the dependents of the men who were lost in the tug Hope, such a success, and also to those hundreds of people who were unable to gain admission but at the same time gave generously to the fund. The organizing of this concert, while it entailed a lot of work to the committee, has given them a great deal of pleasure, inasmuch as everybody came forward so willingly and offered their services, which enabled us to turn over the fund intact, without making a single deduction. The collection, subject to correction on a second count, which is being made at the City Hall today, amounted to \$389.30."

**Canadians Return From Press Party**

Australians Expect Great Things of New Treaty, Say Messrs. Woods and Dafos

VANCOUVER, Nov. 2.—Returning from the recent Imperial Press Union conference held in Australia, J. H. Woods, president of The Canadian Press and editor of The Calgary Herald, and J. W. Dafos, editor-in-chief of The Manitoba Free Press, arrived here yesterday afternoon from San Francisco.

While nothing of major importance was done at the conference itself, the visit of so many leading journalists of the Empire to a part of the world which few of them had seen before is bound to have good results, they agreed.

Much interest is being shown in Australia in the new trade treaty with Canada, and great things are expected in the development of interdominion trade.

"Particularly in the current and rain industry the Australian growers and exporters are looking for a big business with Canada," Mr. Dafos reported.

**Hallowe'en Shot Fatal; Manitoba Man Arrested**

STRATHCLAIR, Man., Nov. 2.—Hubert Morrison, aged eighteen, who with a number of boy companions, was taking part in the Hallowe'en festivities here Saturday night, was shot and fatally injured. He died yesterday in a Shoal Lake hospital.

Joseph McCallough, who is alleged to have fired the shot that killed the boy, is under arrest.

It is said that the boys had placed a ladder against the wall of McCallough's harness shop and Morrison had climbed it with the intention of placing something over the chimney.

**For tough, wiry beards—**

—and the other kind too, there is no latter that gives the full measure of shaving satisfaction that Williams gives.

Williams Shaving Stick offers you the many virtues that come from nearly a century of knowing how. Its heavy, thick lather holds in the moisture and instantly softens the stiff stubble and enables the blade to glide over the skin smoothly and easily. The precious ingredient heals the skin and leaves it soft and flexible. It makes shaving what it ought to be—cool and comfortable.

Williams Shaving Cream, with the cap that can't get lost, is for the man who prefers a cream. Aqua Velva the scientific after-shave preparation removes shine and protects the skin.

## MARINE and TRANSPORTATION

## N.Y.K. Ship Has Stormy Passage

Shidzuoka Maru Docks From Orient With Prominent Far Eastern Diplomats

Running before a fierce gale for five days, the N.Y.K. liner Shidzuoka Maru, which docked Sunday, from the Orient, managed to get a few hours' respite on Saturday in which to celebrate the fiftieth birthday of the Emperor Hirohito. The festivities on board were a great success but towards evening the ship once again experienced trying weather conditions. She passed into a dense fog at 8 p.m. Saturday, and her sounding whistle was then put to use every minute.

Despite the stormy weather and dense fog the Shidzuoka Maru arrived here without mishap and after discharging approximately 150 tons of cargo cleared for Seattle at 11:30 a.m. Sunday.

There were twenty-four passengers on board, of whom four departed here. Several prominent diplomats on board included Mr. Kih Hsu Tseng, a cousin of the ruling leader of Manchuria, and appointed secretary to the Chinese consulate at New York.

Prominent travelers included: Mr. K. Toyama, secretary to the Japanese consul at Seattle; Professor T. Komatsu, of the University of Tokyo, who is on an educational tour of this continent; and Mr. Thomas Hammond, associated with the editorial staff of The Japanese Advertiser, returning home to St. Louis.

The hair in violin bows is obtained from white horses, the best supplies coming from Siberia.

## Mina Brea Repairs Will Take Five or Six Days to Finish

REPAIR work on the oil tanker Mina Brea, now in the Esquimalt drydock, started yesterday. The vessel will have a new propeller installed, sea-cocks overhauled, and hull cleaned and painted. She will then be floated and taken around to Yarrow's outfitting wharf, where the boilers will be washed and cleaned and general overhaul work done. The job, which is being done by Yarrow's Ltd., is expected to last five or six days.

## Empress Berths From Oriental Ports of Call

Eight hundred tons of raw silk were brought by the liner Empress of Asia yesterday from the Orient. The silk was taken on to Vancouver for a special train to the New Jersey mills, the train consisting of twenty cars.

Commander I. D. Douglas, the commander of the ship, reported a smooth passage, and uneventful run. He carried upwards of 1,500 tons of cargo, and had 100 tons for this port.

Among the passengers were Baron K. Matsui, en route to take up the post of Japanese Ambassador in London; Bishop Castellan, head of the Roman Catholic Diocese of Osaka; Mrs. Alice Tweedie, F.R.G.S., artist and authoress; Mrs. D. A. Wilson, wife of a Singapore banker; Dr. K. Ho, formerly professor of the Tokyo School of Technology; Mr. A. St. Clair Campbell, of A. Campbell & Company, Shanghai; Mr. and Mrs. F. H. Moody, Hong Kong residents; and Mrs. G. L. Wilson, wife of a Shanghai architect.

## Marine Notes

The Blue Funnel liner Proteau is due from the Orient this morning with a large load of Chinese sturgeon and a heavy cargo. The vessel is due at William Head at 9 o'clock, and should dock at the Outer Wharf at 10:30 o'clock.

The Princess Maquinn sailed for West Coast ports last night with a heavy load of cargo and a light passenger list. The Maquinn sailed yesterday late, having arrived late on her last inbound trip.

Pond Mother: "This is my daughter (twendolyn); such a bright little girl!"

Twendolyn: "What was that clever thing I said yesterday, mother?"

In Germany the new rich continue to buy jewelry undeterred by the fifteen per cent luxury tax.

## Jackson Back From Far East

Vessel Rides Out Fierce Storm—Barometer Falls to 27.92—Has Rich Silk Cargo

Riding out the same storm experienced by the Shidzuoka Maru, the Admiral Oriental liner President Jackson, Captain John Griffith commanding, docked from the Orient Sunday morning. Captain Griffith reported the lowest barometer reading he has ever seen in his career as a seaman. When crossing meridian 180 the barometer fell to 27.92.

The ship discharged 150 tons of cargo here before proceeding to Seattle to discharge 1,500 tons of freight, including \$3,000,000 worth of silk.

Prominent among the passengers on board were: Mr. H. H. Hallett, assistant counsel for the United States Shipping Board, returning from a business mission to the Orient; and Mr. W. T. Alexander, prominent in the interest of the Palmolive Products Company.

## Weather Report

Esquimalt: Clear, north west eight miles. 29.04; 44; light swell.

Pachena: Clear, calm; 30.00; 44; light swell.

Prince Rupert: Rain; calm; 30.11; 45; sea smooth.

## Nahmint Floated By Salvage Queen At Kyuquot Sound

THE motorship Nahmint, of the Wallace Fisheries, Ltd., Vancouver, was floated yesterday afternoon by the Salvage Queen from twelve miles position in Kyuquot Sound, opposite Kyuquot village. The Nahmint, a Diesel engine ship, struck a rock while on the way out of the Sound on route to Port Alberni, and sank in thirty feet of water last Thursday.

The Salvage Queen will leave this morning with the Nahmint in tow for Victoria, where survey will be made of the damage to the vessel. It is understood that the ship was badly damaged when she struck the rock.

## Salmon Pack May Reach 1,500,000 Cases This Year

VANCOUVER, Nov. 2.—Present indications point to a pack of 1,500,000 cases of salmon from British Columbia waters for the current season. That amount will be a little less than in 1924, which was the record year in salmon canning in the Province. The total pack having amounted to 1,745,313 cases of all grades, exceeding the pack of 1918, the previous record year, by 129,158 cases.

## Fireman Is Injured In Train Collision

MCCREERY, Man. Nov. 2.—A fireman was injured and an engine went into the ditch following a head-on collision in motion canning in the Province. Saturday afternoon the westbound freight pulled onto the station siding but trainmen were unable to pull the switch quickly enough to avoid the collision.

## S. Carnarvon Ashore

PETERHEAD, Scotland, Nov. 2.—The British steamer Carnarvon, 5,245 tons gross, owned by the Cairns-Noble Company, of Newcastle, England, on a trip from Leth, Scotland, to Montreal, is ashore in a dense fog about half a mile south of Buchanan.

Her engine room and No. 1 and No. 2 holds are full of water. The crew were taken off in boats and landed safely.

## Former Skipper of Beaver Dies After Brilliant Career

VANCOUVER, Nov. 2.—Captain George Marchant, said to be the oldest mariner on the Pacific Coast, died here yesterday, aged eighty-two years. He came to this coast from England and served in the merchant marine. Later he became skipper of the Beaver, first steamboat to ply on the Pacific Ocean, and was in command of that vessel when it ran ashore in English Bay off Stanley Park and became a wreck in 1883. He also piloted the first steamship ever to enter False Creek here.

## Ocean and Coastwise Movements

## VESSEL MOVEMENTS

PORTLAND, Nov. 2.—Arrived: Raginaw, San Francisco; Jaxco, Mobile; Admiral Farragut, San Diego; Alde, Hamburg; Paul Shoup, San Pedro; Hallett, (Yukon); E. B. Kingsley, Vancouver; Oregonian, Seattle; Humboldt, San Pedro; Admiral Dewey, San Francisco; F. H. Hillman, London; Sailed: Georgina, Rolf, Portland; Erskine M. Phelps, Ventura; Emma Alexander, San Pedro.

ROTTERDAM, Oct. 31.—Loch Katrine, San Francisco.

SHANGHAI, Oct. 31.—Aita Maru, Seattle.

MANILA, Oct. 31.—President Lincoln, San Francisco.

LONDON, Nov. 2.—Dinteldyk, San Francisco.

Sailed: SHANGHAI, Nov. 1.—Yokohama Maru, Seattle; Nov. 2, Empress of Canada, Vancouver.

C.G.M.L. MOVEMENTS Canadian Freight, Oct. 31, left Panama Canal for Victoria.

Canadian Highlander, Oct. 10, left Panama Canal for U.S.C.

## Wreck Commissioner Reprimands Skippers Following Inquiry

MONTREAL, Nov. 2.—Captain W. Henderson, master of the C.P.R. liner Brandon, and Captain Halverston, master of the Norwegian steamer Topstadford, whose boats collided off Father Point on October 11, were both severely reprimanded by the Dominion wreck commissioner, Captain L. A. Demers, who investigated the occurrence.

## Many Seamen Arrested

LONDON, Nov. 2.—An Exchange Telegraph dispatch from Melbourne, Australia, says 1,000 striking seamen clashed with police at Fremantle, the chief port of Western Australia. One hundred arrests were made and a number of persons received injuries severe enough to require hospital treatment.

"I want to see those wonderful twin babies of yours. When shall I come?" "Come round about one o'clock some morning. They are livelier then."

Three Hundred Merry-makers  
Gather at Function—Entertainment Is Success

STRAWBERRY VALE, Nov. 2.—With nearly three hundred merry-makers, including the pupils of the Strawberry Vale School, the members of the Strawberry Vale Women's Institute, under whose direction the entertainment was held, and residents and farmers of the Vale, the annual Hallowe'en party held in Strawberry Vale Hall was this year a greater success than ever. The hall was lavishly decorated with the well-known colors devoted to the eve of All Saints, and several splendid drawings and posters in black and orange, the work of Principal Woodward and Miss Fletcher, of Strawberry Vale School, won the admiration of all present. The teachers were also responsible for organized games and play which kept the two hundred young people under the spell of merriment throughout the evening.

**Attractive Costumes.**  
Costumes, too varied to enumerate, and embracing characters grave and gay, as well as most original ideas on the part of the masqueraders, greeted the judges, Mrs. Pringle and Mrs. T. Hutchinson, who frankly admitted difficulty in deciding the prize winners from such a large number of contestants. Final awards, however, were as follows: Best boy, Leonard Stone, as a pirate; best girl, Hazel MacCall, as a witch; Lionel Foster and Gordon Greenwood unintentionally made an ideal couple, the former as Topsy and the latter as a Darker; both being awarded prizes. Dora Fink was quaintly sweet in a well carried out costume of a French doll, and also took honors. Helen Cochran was awarded the prize for the best dressed person present, while in the juvenile section Red Riding Hood, depicted by Ruby Austin, and Florence Ogden, as the best dressed, captured prizes. In this section a special prize was given Ruth Foster and L. Woodward for the best and most original double costume. That of a returned veteran, R. Foster, and his wife, L. Woodward, Maurice Foster, in a realistic set-up as a scarecrow, was the cause of much merriment for the first hour of the festivities. For this, the best sustained character, Maurice was awarded a special prize.

**The Catering.**  
Abundant refreshments of all kinds at Autumn gauds brought a most successful entertainment to a close.

Mrs. F. Bennett and Mrs. W. Foster, who were responsible for arrangements, were assisted in catering to the wants of the crowd by Mrs. Huntington, Mrs. Gray, Miss King and Mrs. Williams.

The regular monthly meeting of the Strawberry Vale Women's Institute will be held this afternoon (Tuesday), at 2 o'clock, in the institute room at Colquitz, and the second of the Winter series of card parties under the auspices of the ladies will be held in Strawberry Vale Hall the same evening, with Mrs. Coverdale and Mrs. Huntington in charge.

### Fire Threatens Ladysmith Home

Many Entertainments Are Held for Hallowe'en in Ladysmith and District

LADYSMITH, Nov. 2.—The residence of Mr. Henderson narrowly escaped being destroyed by fire about six o'clock this morning. The fire department responded promptly to an alarm and fortunately little damage was done.

The U.F.C. held a public meeting in the Diamond Hall, when Mr. A. F. Barra, of the University of B.C., gave an address on strawberry and loganberry culture, on Monday evening.

The regular monthly dance held in the Speedway Community Hall, on Friday evening, was not so well attended as usual, on account of there being so many other entertainments taking place in the district on the same evening, but a most enjoyable time was spent by all who were present. The G.W.V.A. of Nanaimo furnished the music.

The Ladysmith Agricultural Hall was filled to its capacity on Saturday evening, when the Football Boys gave a dance, ye old time dances being prominent on the programme. Upwards of four hundred tickets were sold for the occasion. Hellenca's orchestra supplied the music. Refreshments were served.

The regular meeting of the Hospital Auxiliary will be held at the home of Dr. Maxwell on Wednesday evening, November 4.

The Rev. C. A. Myers, of Toronto, organizer of the United Sunday School, conducted the services at the United Church, High Street, on Sunday.

The Hallowe'en fancy dress ball for the children, given under the auspices of the I.O.G.E., was a most enjoyable affair. The many costumes were very dainty and appropriate. All those who

took part will long remember the jolly time, and will look upon it as a red-letter evening in their young days.

The annual meeting of the Agricultural Society will be held in the Band Hall on Thursday evening, November 5, at 7:30. A good attendance is requested.

### James Island Marks Hallowe'en

Children's and Adults' Parties Are Held, With Many Attractive Costumes

JAMES ISLAND, Nov. 2.—The children's Hallowe'en party was held Friday evening. Miss Lewis and Miss Evans arranged games and dances for them. Miss D. Bowker, Miss Lewis and Miss A. Ferguson supplied the music for the dances.

Miss D. McNaughton danced the Highland fling, for which she was encased Mr. Ingalls accompanied her on his violin.

Mrs. T. Whalen, Mrs. Watson and Mrs. Sherwood were in charge of the refreshments.

**The Costumes.**  
The children were in costume as follows: Dorothy McNaughton, Scottish girl; Audrey McNaughton, pumpkin; Audrey MacPhee, black cat; Hazel MacPhee, fairy; George MacPhee, Indian; Zoe Milsted, after the rain; Trevor, a cat; Luebel and Betty Smith, Dutch boy and girl; George Rowbottom, Felix (the cat); Winnifred Rowbottom, waup; Lynch, Uncle Sam; Jill Biller, Chinese lady; John Eiler, Robin Hood; Peggy Allen, Hula-Hula girl; Jack Allen, little John (from Robin Hood); Maile Luff, Icicle; Jimmie Clark, Baccen prince; Amy Marston, Pierrette; Dorothy Bown, Spring and Winter; Beatrice Bown, Sunday Times; Lillian Bown, Night; Helen Bown, fairy; Bobby Bown, Jocko; Joan Gould, Chrysanthemum; Arleigh and Patsy Van Norman, fairies; Betty Stoddard, minstrel boy; Ernest Ford, Leslie; Thelma Thompson, Edna Dison, country girl; Cecil Dixon, clown; Wallace and Billy Bond, newspaper boys; Lois Rivers, yellow Pierrette; Robby, Thelma; Betty Thatcher, Spring chicken; Winnie Watson, rose; John Watson, goliath; Raymond Emmens, boy scout; Jorlie Ferguson, early Victorian; Eleanor Robb, yellow Pierrette; Audrey Hancil, patches; Arnold Rowa, Scottish boy; Fred Rowa, Irish boy; John Rowbottom, darkie; Frank Rowbottom, an Indian; Teddy Rowbottom, Uncle Sam; Arthur Rowbottom, strawberry; Mrs. Thompson, old fashioned lady; Willie Thompson, darkie; Thelma Thompson, gipsy; Robert and Harold Lyons, Robin Hood's merry men; Betty Wilcott, snowball; Isabel Goldie, early Victorian boy; Mary Goldie, Irish boy; Kathie Goldie, bubble; Jimmie Doran, jimp.

The judges were Mrs. Pierce, Mr. Bryce and Mr. Holland.

The prizes were as follows: Best dressed girl, Zoe Milsted, after the rain; comic girl, Mary Goldie, Irish boy; comic boy, John Watson, goliath; most original dressed small child, Leslie Prosser, candlestick; best dressed baby, Jimmie Clark, Eastern prince.

**Hallowe'en Dance.**  
The Hallowe'en dance was held on Saturday evening. The music being supplied by Ray Kinloch's orchestra from Victoria.

The prize winners for the best costumes, which were judged by the members of the orchestra, were as follows: Best dressed woman, Mrs. Sandwich, Winter; best original woman, Miss Richards, ukulele lady; best dressed man, Mr. Beer, Colonial gentleman; best original man, Mr. Clark, Swiss mountaineer. The other costumes were: Mr. and Mrs. Holland, black and white; Mr. and Mrs. Rowbottom, yellow Pierrette; Mrs. E. Rivers, black and white Pierrette; Mr. Meade Robin, pirate; Mrs. Miller, Chinese lady; Mr. O. Richard, Hawaiian; Mr. Stoddard, country boy; E. Rivers, clown; Mrs. Doran, gipsy; Mrs. Clark, early Victorian; Mrs. Bond, flower girl; Mrs. Beer, black and white; Mrs. McNaughton, Miss Watson, Spanish lady and gentleman; F. Aldous, hobo; Miss Bowker, black and white Pierrette; Mrs. Sanders, black and white Pierrette; Miss Ford, Jass Pierrette; Miss B. Ford, Marie Angolnette; Miss Lally, Jester; Mrs. D. Lake, Autumn; Mr. McNaughton, Hologenes; Mrs. Emmens, gipsy; Mrs. Emmens, Pierrette; Miss Ford and Mrs. Bonders won the balloon walk.

Miss McNaughton danced a sissy dance for which she was encased. Mrs. E. Rivers played for her.

Miss Arleigh and Patsy Van Norman gave a pretty classical dance. They received an encore. Mrs. Noakes played for them.

**James Island News.**  
JAMES ISLAND, Nov. 2.—Mr. and Mrs. Lyons have returned home after a pleasant holiday spent motoring to Los Angeles, California.

Mrs. Stoddard and daughter Betty were week-end visitors at her sister's, Mrs. Van Norman.

Mrs. W. Rivers is home again after being for three weeks a patient at Redhaven Sanatorium.

Mr. and Mrs. Stoddard and two children, of Victoria, were guests at Mrs. Rowa's for the week-end.

Mrs. Prosser, sr., has arrived from Sherbrooke, Saskatchewan, on a visit to her son and daughter-in-law, Mr. and Mrs. H. Prosser.

Mr. and Mrs. Clagg spent the week-end in Victoria.

Mr. J. Blagg, of Colwood, has been visiting Mr. and Mrs. H. Rowbottom. Miss Lally, of Victoria, was the guest of her aunt, Mrs. J. Bowker, for the Hallowe'en dance.

Mr. and Mrs. Russell, Mrs. Collins and Mrs. Fulton, of Victoria, were guests at the Hallowe'en dance. Miss Sanders, of Sanikilien, was the week-end guest of Mrs. H. Rowbottom.

While playing football Saturday Mr. G. Chesser had the misfortune to break his leg through colliding with one of the opposing players from Esquimalt. First aid was given by ex-Chief Brogan, of Saanich, Dr. Parrott, of Redhaven, coming later to attend to the patient.

At the weekly what drive the prizes were won by Mrs. Lynch and Mr. Rowa, Mrs. Beer and Mr. Dekin the baby.

### Former Mayor of Toronto Is Dead

MR. H. J. FLEMING  
Former Mayor of Toronto, and for seventeen years manager of the Toronto Street Railway, who died at his home on the outskirts of Toronto.

Mr. H. J. Fleming, who died at his home on the outskirts of Toronto, was a prominent figure in the city's history.

### Election Poll Copied Recent Dominion Appeal

COURTENAY, Nov. 2.—An unusual but nevertheless valuable educational feature was introduced in the Courtenay public school at the time of the recent Dominion election, when Principal G. W. Stubbs announced that there would be an election for the office of the school secretary-treasurer, to succeed Agnes Sutherland who had been promoted to high school. From 12:30 to 2:30 on Thursday afternoon the voters were lined up outside the ballot room.

Wilfred Anderson, of Grade Eight, was appointed returning officer, with David Smith as his deputy. W. Morrison, Warwick Revis and Alice Hurdford were scrutineers; and the office of registrar was filled by Dorothy Fletcher. Only grades seven and eight were allowed to vote. Clifford Laver and Muriel Leighton were the duly nominated candidates at a meeting held for the purpose on the previous day, when both the candidates and others addressed the electors. The result of the polling was: Clifford Laver elected with thirty-five votes; Muriel Leighton received fourteen votes. Mr. Stubbs congratulated Wilfred Anderson heartily on the manner in which he conducted his office, Wilfred having given an address to the electors explaining the correct method of voting and enumerating the duties of the various election officers. The law was represented at the polling booth in the person of "Constable" Arthur Quinn.

### Shirley Institute Holds Hallowe'en Social Gathering

SHIRLEY, Nov. 2.—The Hallowe'en social held under the auspices of the Shirley Women's Institute was very successful, \$18.01 being the amount to be handed over to the Solarium to be built at Mill Bay for crippled children, after all expenses were paid.

A good programme of songs, recitations and dialogues was given by the school children, under the leadership of the teacher, Miss P. Locks, who deserves every credit for the excellent results of the time and patience spent on training them.

A hearty vote of thanks was given to Miss Locks at the end of the programme.

While a witch, in the person of Miss Vera Sullivan dispensed fortunes, the children ducked for apples amid much merriment.

Mr. Norval Milligan acted as chairman most acceptably and Mrs. H. J. Kirby presided at the door.

The schoolroom was gay with all the traditional Hallowe'en paraphernalia, and the institute ladies provided and served the refreshments. Dancing concluded a most enjoyable evening.

The efforts of the Shirley Women's Institute to provide an organ for the schoolhouse met with the wholehearted approval of the residents of the district, who contributed the full amount required, in one week. The organ was delivered last week and will prove a great help to the children's singing exercises, and at all entertainments.

The regular meeting of the Shirley Women's Institute will be held on Saturday, November 7 at 2 p.m. at the schoolhouse. The report of the conference delegate will be read and several matters of particular importance will be brought up for discussion.

Mr. and Mrs. Wm. J. Milligan have gone to Seattle for a few days.

Much regret is felt at the death of Mrs. Wm. Halliday, of Jordan River, who was well-known here.

Macey's View Street, employ no Christmas card canvassers. Call at their store and see where they give you the benefit of this saving.

### You'll Get Rid of Blackheads Sure

There is one simple, safe and sure way that is never fails to get rid of blackheads, that is to use the Blackheads Sure. It is a mixture of dust and dirt and is applied to the face in the pores of the skin. The pores are then washed out, leaving the pores free and clean and their natural condition. (Adv.)

### Lovers of Good Tea

Find real satisfaction in

## "SALADA"

TEA

The flavor is rich, pure and delicious. Insist upon Salada.

### Hallowe'en Function

Held at Langford

LANGFORD, Nov. 2.—Hallowe'en was happily celebrated in the schoolroom on Friday evening. The proceedings opened with the grand march, and prizes were awarded to J. Wilkinson, Georgina Cooney, David Scafe and Ada Simpson for the best costumes. Mrs. E. H. Phipps and Mr. A. S. Burgess were the judges.

Keith Brown and Ruth Pearce won the first and second prizes for guessing the names of the masked characters.

The Black Cat drawing competition caused a great deal of amusement, and the winners in the various grades were: Wilma Pike, grade 5; J. Merry, grade 6; C. Brown, grade 8; G. Toun, grade 4; Ronald McCrimmon, grade 3a; Nellie Harrison, grade 3b; and Betty Cooney, Stanley Jackson and Wilbur Pearce, of grade 2. Miss

### Refractions were served under the

capable management of Mrs. H. Pike. Hearty cheers were given to the teachers, Miss Sutton and Miss Pearce, and others who had helped to give so enjoyable an evening.

## Mexico City Is Quite "100 Per Cent American"

Gum Chewing Is Habit.  
Natives Use Baseball Slang, Waffles, Ice Cream Sodas

MEXICO CITY, Nov. 2.—Mexico is about 100 per cent American from a standpoint of chewing-gum, movies, jitneys, baseball slang, tooth paste, ice cream soda, waffles and five-cent literature.

In each of these enumerations the United States product found on every Main Street also flourishes in pristine vigor throughout the Mexican capital.

The United States' most ubiquitous brand of automobile honks for custom through every street. Gum chewing has become a habit. The only difference between the Mexican and the home variety is that the wrappers are printed in Spanish. A Mexican with restaurant experience in the States started a modest waffle and hot-cake shop here and put up a sign "American quick lunch."

"Quick Lunch" a Misnomer  
Lunch in Mexico is anything but snappy. Business establishments close a minimum of one hour at the noon meal. But the "quick lunch" idea went over big and now there are dozens of such places here. The name, however, continues to be a misnomer. It is quite possible to spend two hours over waffles.

Soda fountains are frequent and the output would do credit to any place north of the Rio Grande. The dentifrices popular in the United States loom large upon the shelves and in the display windows. Some apply to goods of widely used United States products and articles.

Baseball Popular  
Some of the popular-priced and widely-circulated United States periodicals, especially weeklies, are on sale here the same day as in the States, and have a large following. As for the movies—if United States studios ceased production, every cinema theatre in Mexico City would have to close. Some local and a few European films appear, but they are rarities.

Baseball is popular and is increasing. The Mexican small boy knows his Babe Ruth dope perfectly, and will predict with confidence the big league results. There are some good Mexican teams and they draw well.

## Indians Had Own Evolution Theory

North American Natives Left Legend Written on Rocks—Believed in Original Tails

DENVER, Colo., Nov. 2.—The research of Dr. Jean Aillaud Jeanson, Curator of Archaeology for the Colorado Museum, has disclosed that the North American Indians devised a theory of evolution which antedated that of Charles Darwin by some 3,500 years.

Written on rocks in symbolic language, which archaeologists have found in ruins, the Indian legend of the creation and evolution of man was that he was born of Mother Earth in her innermost recesses and after four stages of development found his way to the surface, where he attained physical perfection. In the lowest form, in the caves of the earth, the legend depicted man as having neither eyes nor a nose, and strongly resembling Darwin's protoplasmic man, having dangling tentacles which afterwards evolved into arms and legs. Lacking ordinary means of communication, the creature used telepathy.

Later stages of evolution came when the two hero gods answered the prayers of this lowest form of man and gave him a grain of corn to plant. The grain grew through the ceiling of the cave, pushed through three higher caves and reached the earth's surface. As the Indian followed the stalk of corn, he acquired speech, sight and smell and gained the knowledge of good and evil.

In one of the caves a long tail became part of the man's body. He lost it when he attained the surface. The myth of the tail is interesting, as the Indians knew nothing of the monkey family.

## Lacquered Furniture Popular in London

LONDON, Nov. 2.—Lacquered furniture has become very popular amongst society people. A suite of this kind of furniture for the bedroom has just been completed for the Queen of Spain, in a subtle shade of blue. Princess Mary Laurence is having the ex-soldiers at Lord Roberts' War-shops turn out a bedroom suite for her new home, Egerton Lodge, at Newmarket. The ground tone is of old ivory with colorings in reds, blues and greens intermixed.

## SKINNY MEN RUN DOWN MEN NERVOUS MEN

Don't Miss This

You're behind the times if you don't know that Cod Liver Extract is one of the greatest flesh producers in the world.

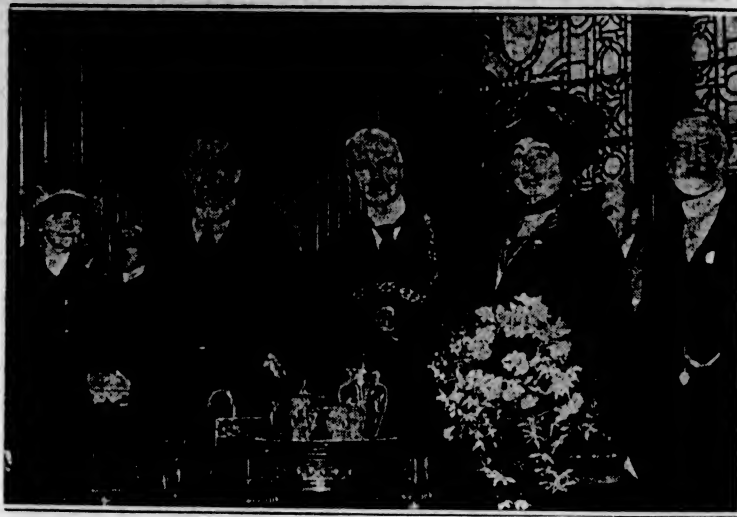

Because it contains more vitalizing vitamins than any food you can eat. You'll be glad to know that McCloy's Cod Liver Extract Tablets come in sugar coated form now, so if you really want to put 16 or 18 pounds of solid, healthy flesh on your bones and feel well and strong and have a complexion that people will admire—ask Vancouver Drug Co., MacFarlane Drug Co., Owl Drug Co. or any druggist for a box of McCloy's Cod Liver Extract Tablets.

Only 40 cents for 48 tablets and if you don't gain five pounds in 30 days your druggist is authorized to hand you back the money you paid for them.

If isn't anything unusual for a person to gain 10 pounds in 30 days, and for old people with feebleness overtaking them they work wonders.

(Adv.)

## Prime Minister Receives Freedom of City

The Prime Minister and Mrs. Baldwin were enthusiastically received on their recent visit to the busy Scottish city. The premier was presented with the Freedom of the City, also with a handsome silver service. The illustration shows, (reading from left to right): Mrs. Montgomery (wife of the Lord Provost), Premier Baldwin, Lord Provost Montgomery, Mrs. Baldwin, and Baillie Morton. The picture was taken in the Glasgow City Chambers.

## High Cost of Living Seems to Have Hit Modern Art in Paris

PARIS, Nov. 2.—The high cost of living seems to have hit modern art a hard blow. The searchers for some new school of painting have had to compromise in canvas and paint the

Autumn season is reduced to about half its usual proportions.

What there is of it is sufficiently striking, however. The full length portrait of a woman in the role of Oedipus with indigo blue blood running out of her eyes, is the chief monument. It is accompanied by the usual debauch of flesh—athletic and obese.

There are some ambitious exhibits

that are highly estimated by their authors. Two of the pieces are ticketed 75,000 francs each, and it is declared that they have been sold at that figure.

Several critics say that the show gives evidence that modernism in art is going stale and that perhaps since canvas and paint come so high extravagancies will become less predominant in the Autumn show.

## "Visit Your Schools Today," Keynote of Education Week

WASHINGTON, Nov. 2.—"Visit your schools today" will be the keynote of American Education Week, to be observed during the week of November 16-22 and endorsed in a proclamation by President Coolidge.

Although plans for observance are being left to local education bodies and organizations, the Bureau of Education, which, with the National Education Association and the American Legion is sponsoring the week, has issued a programme of suggestions for each of the seven days. The programme stresses thoughts for development in school exhibits and demonstrations to bring the public and educational institutions into closer contact.

Governors of many States have assured the Bureau of their intention to advocate observance of the week in proclamations and the Bureau has asked school authorities and civic bodies to join in the programme. The Bureau has suggested observance of the days of the week as Conservation and Thrift Day, Know Your School Day, Community and Health Day, For God and Country Day, Constitution Day, Patriotism Day, and School and Teacher Day.

Last year out of 100,000 autos stolen, 70,000 were recovered.

## Restless Sleep Due to Stomach Gas

Gas pressure in the abdomen causes a restless, nervous feeling and prevents sleep. Adierka removes the gas in TEN minutes and brings out surplus amounts of old waste-matter you never thought was in your system. This excellent intestinal evacuant is wonderful for constipation or stomach trouble. Don't waste time with pills or tablets, but get REAL Adierka action! Jiall & Co., druggists, 1304 Douglas Street. ## Motors Excite Stock Market

### Hudson Proves Star Performer of Session With Erratic Jumps and Falls

NEW YORK, Nov. 2.—Excited speculation in the motor shares again featured the resumption of the broad upward movement in today's stock market. Hudson was the sensational performer, showing 13 points higher at 130 after some of the wildest fluctuations seen in recent months. In the last fifteen minutes of trading it quickly jumped from 128 to 130 1/2, broke precipitously to 127 and then rallied to 130. Activity in the railroads centered largely on the southern carriers, Atlantic Coast Line jumping over 4 points to a new high record at 222.

Motors changed hands in enormous volume. Studebaker closed fractionally lower at 67 1/2, after having touched a new low.

Oils were galvanized into activity when a spliced demand developed for Pan-American B, which closed 1 1/2 higher at 74 1/2.

Pan-American Western B closed 2 points higher at 44. Marland, Houston, General Asphalt, Standard Oil of California, Phillips, Producers and Refiners and Simms also closed about 1 to 2 points higher.

Buying of these issues was based on steadily decreasing crude oil production and reports of large current earnings.

Other standard industrials also were in good demand. Two score or so other issues attained new peaks for the year.

Call money held firm at 5 per cent. Time money and commercial paper rates unchanged.

Total sales were 2,434,760 shares. The bond market today underwent the usual pre-holiday slackening of action without any weakening of its price structure. Buying power developed in several groups, converging principally on the rails and utilities, many of which scored substantial gains.

## New Features Have Developed in Our Art Shade Classes

Including Crystalline Art Lamp Shade Making

This new art is used in the making of lamp shades, telephone screens and other novelties which will appeal to the artistic taste of every woman.

By using Dennison's Waxes and Cut-Outs very realistic designs are produced, both conventional and natural. The whole process is finished with a coating of crystalline, which makes a very effective finish.

Classes for Crystalline Art—Monday, Wednesday and Friday.

Lamp Shade Making Classes—Tuesday, Thursday, Saturday.

All the latest trimmings now on hand.

—Drapery Section, 2nd Floor
